ALAMEDA NOW HAS A SUICIDE MYSTERY

CHAFFEUR TELLS HIS STORY

White Friendly With the Nesbit Woman Up to September.

NEW YORK, July 6.—Mrs Harry K Thaw's daily visit to her husband in the Tombs prison was very brief today. She remained scarcely more than ten minutes in the prison and after leaving there went to the offices of her husband's attorneys.

WHITE ATTENTIVE.

That Mrs Thaw and Stanford White were on friendly terms up to last September is the assertion made in a signed statement given out today by John Burns who was employed by White as a chauffeur. Burns says in his statement that on two occasions once in February and again in September 1905, the electric cab which he drove was placed at Mrs Thaw's disposal by White. The first of these occasions was before her marriage the second was five months after. In each instance according to the chauffeur she was taken from a restaurant to her hotel and in neither case did White accompany her.

ENGAGED BY WHITE.

Burns says that he was engaged by White in the latter part of June 1905 to drive his electric cab between the hours of 5 p m and 3 a m, and continued in his employ until the latter part of September of that year. The use of the electric machine was discontinued at that time he says because of the persistent following of the cab by men riding bicycles on foot and also hansoms runabouts and automobiles.

In those nine months says Burns taking out the time Mr White was in Europe and Canada, my employer nev-

PITTSBURG, PA, JULY 6.—MRS CHARLES J. HOLMAN, MOTHER OF MRS HARRY K. THAW, BROKE SILENCE TODAY FOR THE FIRST TIME SINCE THE KILLING OF WHITE, AND IN A SHORT STATEMENT ISSUED IN THE PRESS, MADE DENIAL OF MANY STORIES, PRINTED IN PITTSBURG AND NEW YORK PAPERS

MY STORY WILL BE TOLD AT THE PROPER TIME. I AM NOT IN STRICT SECLUSION. I HAVE RECEIVED ALL FRIENDS, BUT DENIED ALL REPORTERS"

CONFLICTING STORIES.

NEW YORK July 6.—Conflicting stories as to the existence or nonexistence of an affidavit made by Evelyn Nesbit in a breach of promise suit which it is alleged she took steps to bring against Harry K. Thaw prior to her trip to Europe and marriage to him later were told today by persons interested in the investigation of the Thaw-White murder.

WALSH OPPOSES LEAVITT

Will Give Him Battle in the Sixteenth Senatorial District.

Assemblyman Philip M Walsh announced today that he will give battle to Senator Frank W Leavitt for the Republican nomination for senator from the Sixteenth senatorial district. The announcement has created much excitement in political circles, for the knowing ones declare that this battle will be a royal one both Walsh and Leavitt having a host of friends and backers.

The Sixteenth senatorial district is composed of the Forty eighth and Forty ninth assembly districts the former at present being represented by Philip M Walsh and the latter by John J Burke. The Forty eighth disdistrict includes the First ward and a and Sixth wards while the Forty-ninth district includes the first ward and a few outside precincts. It will therefore be seen that the senatorial contest is very liable to interest Sheriff Frank Barnet who comes from the Sixth ward and Supervisor Joseph M Kelley who also resides in the Sixth ward also County Treasurer M J Kelly who hails from the Fourth ward.

It has been stated by Senator Leavitt's friends that Mr Walsh has been brought into the fight by the Southern Pacific Railroad Company. They reason that Mr Walsh is a partner of District Attorney John J Allen, who is a brother-in-law of General Superintendent Palmer of the Southern Pacific company. Mr Walsh denies the statement that the railroad is backing him in this fight. The friends of Mr Walsh assert that Mr Leavitt has the undivided support of Tom Williams president of the California Jockey club. They say that Mr Williams is close to the railroad, and that he will be found supporting Senator Leavitt to the last ditch.

At all events this political fight promises to be one of the merriest of the season.

Attorney Philip M Walsh was seen by a TRIBUNE reporter at his office in the Henshaw building this morning. He made the following statement in reference to his candidacy:

"Yes, it is true I am a candidate for the senatorship in the Sixteenth senatorial district now represented by Senator Frank W Leavitt who has served eight years from this district.

"I have served in the assembly for the past four years from the Forty-eighth assembly district in this county, and I think I have given good service to the people. There has now come a time when I feel that I can be of more service to my constituents in the senate of California.

I have no ill feeling against Senator Leavitt. On the contrary, we are friends. Although I expect that this contest will be a very lively one, still I hope and trust that there will be no mud slinging but that it will be conducted on gentlemanly lines throughout. So far as I am concerned I propose to make the fight in a clean and upright manner, and will abide by the will of the people in the district. I do not represent any particular element in this contest. I simply represent myself."

When Charles E Snook, attorney for the Western Pacific heard the news of the contest today he went to San Francisco immediately. It is thought that the Western Pacific people will support Leavitt's candidacy.

Mr Combs says that Senor Pacus, a special envoy appointed by the president of Salvador, is already on his way to this city and he (Mr Combs) is about to leave immediately for Washington to confer here with Senor Pacus and the officials of the state department and endeavor by negotiations to bring about a peaceful settlement of the difficulty. Meanwhile the government of Guatemala has agreed to suspend preparations for war with Salvador pending the conclusion of the peace conference at Washington.

PLANNED TO KILL KAISER

Seattle Anarchist Rounded Up on His Way to Germany.

ALTONA, Prussia, July 6.—It became known today that August Rosenberg, an alleged anarchist from Seattle, Washington, was arrested here Tuesday, July 3d, as he was leaving a train arriving at Altona. Acting on information received from the police of New York the authorities here were watching for Rosenberg, who has relatives here. Rosenberg, who was accompanied by his wife, came to Europe on the Hamburg-American line steamer Patricia, which left New York June 16th, and arrived at Hamburg June 29th. The prisoner affirms that he is an American citizen. His baggage has been forwarded to another part of Germany, and has not yet been searched by the police.

HIS TRUE NAME.

LONDON, July 6.—According to a dispatch to a news agency the alleged anarchist arrested at Altona, Prussia, is named August Rosenberg, and he is accused of having had designs on the life of Emperor William.

FOUND EXPLOSIVES.

NEW YORK, July 6.—A dispatch from Seattle on July 3 reported that the police of that city acting at the instance of the German government, had raided the house formerly occupied by August Rosenberg, a bricklayer, and had found a plant for making bombs and infernal machines. Rosenberg left Seattle for Hamburg, Germany, on May 1. At that time the German government received a warning from Seattle that an attempt would be made to assassinate the German Emperor.

The German consul at Seattle subsequently received a cablegram from Hamburg instructing him to investigate. The articles seized included more than 300 bottles of acids and explosives, crucibles, mortars, moulds, a furnace and considerable other weapons.

DID THIS MAN DIE IN WATER?

Oscar Schmidt Mas Have Ended Life in the Canal.

ALAMEDA, July 6.—The finding of a coat and vest and black derby hat on the Fruitvale avenue bridge, which crosses the tidal canal, at an early hour this morning, has created a mystery hereabouts. The theory is, from addresses found on envelopes and cards which were among the effects found in the clothing, that the garments belonged to Oscar Schmidt of 3451 Eighteenth street, San Francisco. It is supposed that the man discarded his clothing and jumped into the canal and was drowned.

TOLD THE POLICE.

The engineer of one of the local trains which was crossing the bridge, first noticed the clothing, and notified Policeman T W. Anderson, who secured it and took it to the police station. The coat and vest are of a dark gray material, with black stripes running through the cloth. The hat, which is somewhat battered, is of a stiff derby pattern. Inside the hat band was found a clean, white envelope bearing the address of Oscar Schmidt, 3451 Eighteenth street, San Francisco.

The name and address were freshly written with lead pencil, and as there were no perspiration stains on the envelope, it is supposed that it was addressed and placed inside the hat just prior to the owner's jumping overboard. In the pockets of the coat were found two other envelopes of similar pattern as well as a celluloid memorandum tablet, all bearing the same address.

FOUND IN POCKETS.

Other effects that were found in the coat and vest were one copper cent, a pair of eyeglasses in a leather case, several old postals, a silver watch, a key and several business cards, bearing the names of the Dayton Computing Scale, 1482 Market street, San Francisco, J J Duffie, Charles W Fisher, real estate, 490 Haight street, San Francisco, Beck, Wakefield & Co., 2323 Fillmore street, San Francisco, and others.

The local police are now investigating the matter.

72A SUMMER ILLS

The many ills that come during the hot, sultry weather can be avoided by Duffy's Pure Malt Whiskey, taken regularly as prescribed.

The exhausting heat of the Summer weather causes untold suffering and misery to thousands of men, women and children. Deaths occur on all sides from diarrhoea, dysentery, chills, cholera morbus, typhoid and other fevers, due in a great number of cases to impure water and the consumption of unripe fruits by those whose systems and stomachs are not in a healthy condition

If all were more careful to have their systems in a vigorous condition the germs of these diseases could not obtain a foothold. Leading doctors agree that Duffy's Pure Malt Whiskey has no equal as a destroyer of poisonous germs in the system. It aids digestion and assimilation; purifies and enriches the blood; regulates the bowels; quiets the nerves; hardens the muscles; stimulates the heart's action and builds up and sustains the entire system.

DEFENDING COMPANIES

Equitable and Mutual Men Appear Before House of Lords Committee.

LONDON, July 6.—Paul Morton, president of the Equitable Life Assurance Society, and Emery McClintock, vice-president of the Mutual Life Insurance Company of New York appeared today before the select committee of the House of Lords on the insurance companies. Mr. Morton explained the methods by which the Equitable was conducted and called attention to the special provision made for the security of British policyholders by the $500,000 deposits in the bank of England. He considered that the investigation had clearly shown the sound financial position of the society, but he admitted that confidence in it had been restored more in America than abroad.

DIED HIDING FACT THAT PET BIT HER

NEW YORK, July 6.—Physicians who attended Miss Flora Bowker, the young high school graduate of Millville, N. J., who died in terrible agony a few days ago from what was supposed to have been ptomaine poisoning, now admit that the case was one of hydrophobia, and it has since been learned that the girl was bitten by her pet dog.

For fear that her father might kill the animal should she tell him, she kept the secret until she died.

The general opinion of the medical men now is that the case was one of hydrophobia which had not fully developed. The dog has since gone mad and has been killed.

The family physician says that he noticed two peculiar abrasions of the skin, but was not informed that the young woman had been bitten. Three physicians held a consultation, but the skill of all combined was baffled.

Since his daughter's death Mr. Bowker has killed his entire kennel of eight valuable foxhounds, besides the pet dog which was stricken with rabies.

WAS NOT HIMSELF

New Feature Sprung by Defense in Pembroke Case.

For the first time during the third trial of Percy Pembroke for the murder of grocer Thomas Cook in Fruitvale a year ago this month, a new feature in the case came to the surface this morning. The defense is attempting to weaken the statements made to Sheriff Barnet by the defendant and submitted by that official during the trial of the case.

When Pembroke was released after his first arrest, it is contended that while reclining on a lawn near his home, he cut his right arm so severely on a broken bottle that the services of a physician were needed and that Dr. Dodge who was called, discovered that an artery in the arm was severed.

Shortly after this treatment he was again arrested and soon made statements to Sheriff Barnet which were readily made use of by the prosecution in the case. It is now held by the defense that the statements were made by Pembroke while he was under a nervous strain from his injury and that had he been in his right physical condition he would have made a clearer explanation and one which would have worked for instead of against him.

While on the stand today Pembroke was questioned by both his attorneys as well as members of the jury who seemed to take more than a passing interest in the statements made by the accused to the effect that he was not himself, because of the wound, when he was talking to the sheriff. The prosecution, however, is not of the opinion that this testimony will weaken that heretofore given by Sheriff Barnet.

Pembroke was on the stand all morning in his own defense. Attorney Lin Church for the defense stated this morning that the case would probably go to the jury by Wednesday.

George Blaker and John Schneider who were found guilty of the murder of grocer Cook and who were given life imprisonment, having been here to testify in the Pembroke case, were returned to San Quentin today.

JURY NOT INSTRUCTED TO ACQUIT REBATERS

CHICAGO, July 6.—At the trial of the Chicago and Alton railroad on the charge of rebating, Judge Landis announced that he would overrule the motion of the defense that the jury be instructed to return a verdict of not guilty on eight out of ten of the counts in the indictment.

WANDERS IN HIS DELIRIUM

Young Man Escapes From His Nurses and Is Away Several Hours.

BERKELEY, July 6.—Roy Luce, a son of J. W. Luce, a prominent Southern Pacific official, suffering from a delirium, escaped from his guardians last night. It was only after hours of searching on the part of the police of Berkeley that he was finally discovered.

Luce, who lives at 2336 Channing way, is a prominent student in the Berkeley High school. Soon after school closed he was taken so ill that two nurses were required to care for him. It was while walking with these two nurses that he escaped.

A JUDICIAL PRIVILEGE.

In a southern court one day, says a well known attorney, one of the counsel paused in his argument, remarking to the judge.

"I observe that your honor shakes his head at that statement. I desire to reaffirm it, although your honor dissents."

"I am not aware," coldly responded the judge, "that I have intimated how I shall construe the evidence, nor what my decision will be in the premises. Your remark is, therefore, entirely uncalled for."

"Your honor shook his head."

"True," said the judge; "there was a fly on my ear. And I'll have you know, sir, that I reserve the right to remove a fly in whatever manner pleases me."—Harper's Weekly.

DENIED WRIT AND MUST STAND TRIAL

LOS ANGELES, July 6.—Judge Trask of the Superior bench today denied the writ of habeas corpus asked for by attorneys for Ernest G. Stackpole, charged with the murder of Joel Scheck, and ordered Stachpole remanded to the custody of the sheriff to stand trial for murder in the first degree.

HEADGEAR FOR SOUDANESE.

Lord Cromer gives the following extract from Colonel Stanton's report on the Egyptian province of Khartoum, which may be of interest to American traders:

There is an increased demand for cotton goods, cheap cutlery, etc. It is a pity that some British firm does not attempt to make "tarbushes." At present the trade is entirely in the hands of Austrian firms. The material of both the Turkish and Magrabi tarbushes is a soft felt, the same as is in use for felt hats in England; and as this headdress is worn in some form or another by all officials and sheiks and many natives, it seems a pity that some attempt is not made to capture this large trade.

LAW FOR TAGGART

Governor Says Politician Must Obey It or Suffer.

WINONA LAKE, Ind., July 6.—Governor Hanley, who was in command of the raiding of the casinos at French Lick and Baden Baden, today made a statement, in which he says:

"We shall now learn whether the management of the French Lick Springs Hotel Company and the West Baden Hotel Company is above the law. The issue is not between the managers and these companies and me. It is between them and a far greater and more enduring power—between them and the law. The statement of Mr. Taggart that the French Lick Springs Hotel Company has not and will not tolerate gambling in its premises, in the light of recent developments and evidence in the possession of the State, scarcely rises to the force and dignity of a jest. If his statement is true, what is the meaning of the carload of costly paraphernalia on the premises of the hotel company? He admits himself that gambling has existed. His counsel, yesterday, in open court, agreed that gambling should not be permitted between yesterday and the 13th, when the cases are to be heard. Where did he find this new power to stop it? The hotel safe itself has been used for weeks nightly as a place of safekeeping for the money earned by the casino. The casino building itself did not cost more than $10,000. What legitimate purpose or use could justify the payment of the great sum, said to be fifty thousand dollars annually, by the operator of the casino for his commission?

"The truth is that Mr. Taggart, as manager of the hotel company, has at no time desired anything in connection with the casino that has not been granted by its operator. On special days like that when the members of the National Editorial Association visited French Lick he had the power to cause the suspension of gambling in the casino during the whole time of their visit, and it was actually closed except as to the lower floor, where the slot machines were allowed to run. Mr. Taggart will not be able to fool either the people of Indiana or deceive the people of this country in this matter. I believe the suits filed by Attorney General Miller to be well founded. If, for any reason, the law is inadequate as now written, I shall appeal to the people of the State without regard to their party affiliations to elect a general assembly in November that will enact a law clothing the executive with such authority as will enable him to reach such conditions."

ENGLISHMAN CUTS THROAT

Said to Be the Son of Wealthy Member of British Parliament.

RIVERSIDE, Cal., June 6.—E. Spencer Stanhope, son of a wealthy English family, committed suicide last night by cutting his throat. The body was discovered at noon today at the Holyrood hotel.

It is reported here that Stanhope's father is a member of the British parliament.

BADLY INJURED BY AN AUTOMOBILE

LOS ANGELES, July 6.—E. H. Duffey, a stationary engineer, 28 years of age, and J. Routh, a car inspector for the Southern Pacific, were struck and seriously injured here today by an automobile, owned by H. G. Blakesley of Upland. They were removed to the receiving hospital.

WOMEN, THE WATCH AND THE BLACK BASS.

[Perpetrated as a New and True Fish Story by T. B. Murdock in the Eldorado Republican.]

The goddess of the morning found them well on their way for a day's fishing. Their cheeks suffused with auroral blushes, they looked like morning roses washed with dew. At sunrise they pulled out from the shore in a frail boat, their live bait hanging in the water at the boat's side. Three rods were up, three craw-dads wiggled on three sneck hooks, supported by three enameled lines, running on three silver reels, attached to three steel rods, held by three lovely women. The day was ideal, the black bass were ravenously hungry and the morning catch was good. Near noon the expert in the bow of the boat hooked a big fellow and, in her efforts to land him, lost her watch and chain in six feet of Walnut river water. This was distressing, but as it was rock bottom the ladies improvised a set of drag hooks by attaching a lot of hair pins to a section of steel rod. But the watch was not recovered and they resumed their fishing. It was near home-time when a second big fellow was hooked. After much excitement and no little worry he was landed in the boat. While the hook was being removed from his mouth the damsel screamed. The bass had swallowed the watch, chain and all, except that the charm on the end of the chain was visible. The watch was quickly removed, it was going, it pointed to the hour of five, the ladies hitched up Dobbin, hiked for home, vowing they never would tell the watch story, as nobody would believe it, but here it is, and it's true.

THOUGHT HIM CRAZY

Evidence Is Being Taken in the Holy Roller Case.

SEATTLE, July 6.—Six witnesses were examined in the Mitchell case this morning, all of them persons who had held conversations with Mitchell a few days prior to the date of his killing Creffield and who believed him to have been crazy. Dr. F. W. Brooke of Portland, who had attended the defendant while he was suffering from an attack of the measles, was the most important of these witnesses, testifying that Mitchell left the sanitarium where he was confined long before he should have and that at the time he was weak and suffering from a high fever. During the time Mitchell was under Dr. Brooke's care he had appeared much worried and could think of nothing but the fate which he believed would befall his sister Esther should she fall into the hands of the Holy Rollers leader. The trial is moving slowly and bids fair to last a week.

DELTA LANDS OUT OF DANGER

Floods Are Subsiding in the Threatened Lands Near Stockton.

STOCKTON, July 6.—The cheering news comes from the flood center in the delta lands west of Stockton this morning that there will be no further inundation unless something unforeseen should occur. The water at Clifton Court is within an inch of the highest known, and at Victoria Island it is two inches higher. However, the levees, which are being carefully patrolled, are expected to hold, and the information comes from Paradise Cut that the water has fallen there an inch and a half since last night. Mr. McCoy, who has charge of the cross levee on Union Island, put fifteen more men at work this morning, and he is sanguine that this levee will hold and thus save about 12,000 acres of crops from ruin. The hot weather of the past few days has sent down an immense volume of water from the mountains, but the worst from that source seems to be over.

The Office Boy and His Vacation

You know as soon as my boss returns from the East I am going to go down to Los Angeles and visit a week or so with my cousin. He works Frank Silverwood, or for him. So he wrote me yesterday about the town and among the many boasts, he said—(say it's funny how everybody down there boasts.) "I am glad to hear that you are coming down here on your annual—(he surely don't mean pass)—and we will try to make it pleasant for you. There is only one thing that's slow about this town and that is the Los Angeles river at this time of year. But as soon as we get the river bed dredged out and get salt water up here from the ocean and have all the big ships come right up to the city docks we won't be so darned slow even in summer." Did you ever hear anything like that. Even the kids down there talk about things which will boom the town. All I can do is talk about things that will boom this business and I tell you that our Justrite $2.50 hats which came in yesterday by express are the best lot of covers you ever saw. MOTHER MAKES A DEFENSE

(Continued from Page One.)

Attorney Garvan was quoted as saying that there was no truth in the story that he expected to come into possession of the alleged affidavit, and further that he had no reason to believe such a paper existed.

Counsel for Harry Thaw and Mrs. Thaw herself added their denials to the report that there had ever been such an affidavit made or contemplated. The reports were said to be circulated by some enemy of Thaw and were wholly untrue.

PRIVATE DETECTIVE.

Later in the day a private detective who had been engaged by Stanford White to shadow Harry Thaw, was examined by Mr. Garvan, and said he had submitted his report to Howe & Hummel and Delancey Nicoll, attorneys. Following this came a statement, attributed to the district attorney's office, that it was known that the Nesbit girl had visited the office of Howe & Hummel; that she did have a conference with Mr. Hummel, and it is alleged that the affidavit in question was the result of that interview, the case being Mr. Hummel's personal matter, and not a part of the office business. It was further stated that while the district attorney had learned that the affidavit was really made, it had been destroyed upon the reconciliation of the Nesbit girl and Thaw.

There was a further report current tonight that the district attorney's office had been informed that a record of the alleged affidavit exists, is available and will play a prominent part in the evidence introduced by the prosecution at the trial of Thaw.

DETECTIVE'S STORY.

Private Detective Bergoff, who was engaged to shadow Harry K. Thaw in behalf of the late Stanford White, was examined by Assistant District Attorney Garvan today. During the examination he said that he was engaged to do the watching by Abraham H. Hummel, of the legal firm of Howe & Hummel and Delancey Nicoll, to both of whom he furnished copies of his reports on the work accomplished.

Mr. Garvan sent both to Mr. Hummel and Mr. Nicoll for the reports in question, which he now has in his possession, but to which he has not yet given his attention.

CORRECT STATEMENT.

Judge Olcott again today said that Mrs. Thaw's statement of several days ago, in which she declared that she and Thaw were married in Europe and that the ceremony in Pittsburg was performed solely upon the request of Thaw's mother, was made under a misapprehension. He said that the confusion arose through Mrs. Thaw misunderstanding a question on the telephone and that as a matter of fact the Thaws never were married in Europe, the first and only marriage ceremony being the one performed in Pittsburg. Roger O'Mara, former superintendent of police of Pittsburg, who had been summoned here by counsel for Thaw, had a conference with Judge Olcott this afternoon. Mrs. Thaw was present during part of the interview and had a talk with Mr. O'Mara. The detective will immediately start West in charge of a corps of men to gather all possible information that will help Thaw to gain his freedom.

ST. PETERSBURG, July 6.—Rioting occurred today among the employes of the government printing office, where the plates for the paper currency are engraved and printed. Interior Minister Stolypin has removed General Kourloff, the governor of Minsk.

General Kourloff was held to be responsible for the anti-Jewish excesses at Minsk in November last, and M. Arakantzeff, in the lower house of the Russian parliament, urged that he be tried on that charge. The higher Russian authorities decided not to prosecute the general. On June 18 General Kourloff was thanked by a delegation of Jews for measures instituted by him to prevent another threatened outbreak at Minsk.

er once entered the electric hansom the company of a woman other tha Mrs. White, whom he frequently to to Sherry's for dinner.

"The first time I ever saw the present Mrs. Thaw was in February, between 12 and 1 o'clock in the mornin standing with a company of men an women on the sidewalk in front of Rector's. Mr. White escorted her to the machine and put her in, saying to me 'Take this lady home and then com right back for me.'

HELLO STANNIE.

"Several weeks later I took Mr. White to a restaurant in West Twenty-sixth street. Hardly had Mr. White reached the sidewalk when a hansom approached from Broadway, pulled u and Miss Nesbit jumped to the sidewalk and approached Mr. White, saying as she held our her hands, 'Hello Stannie, how have you been?'

"Mr. White shook hands. He seem anxious to get up the stoop. They talked for a few minutes and he bade her good night. He then turned into the restaurant and she got back into her hansom and was driven off.

RODE IN CAB.

"The second time Miss Nesbit rode in Mr. White's cab was in the latter part of September, after his return from Europe. I had gone to Rector's to get him from a dinner. He came out on the sidewalk with three men besides himself, and two women. One of them was Miss Nesbit.

"'Take these women home, Johnnie,' he said to me.

"I never once took Mr. White to his studio in Madison Square Garden tower in the company of a woman, and I never saw a woman enter there."

Arrived at Last

That great shipment that was delayed in the freight sheds—we just got it this week and will be on display tomorrow, Saturday, July 7th. Among which are the following: black clay, fancy worsteds, oyster grays, prize medals, French piques, English thibets, and thousands of patterns Scotch goods, the most wonderful patterns that have ever been shown before.

The question everybody is asking: how can we make such fine suits for so little money? The answer is very plain.

1st.—Because our goods are direct from our own mills. We do not need to buy our goods from the middleman, and there is no profit on our goods, so you get the benefit of his profit. We also have our own shop on the premises, which is the largest in this State.

We employ nothing but the best of union help and pay the highest wages of any shop in the State.

Every garment bears the union label. We also do the largest business in the State, and make small profits, and in the long run we come out just the same as if we did small business and made large profits.

Our price is known to all.

CASE OF SUICIDE

No Report Made to Coroner of Woman Who Died by Gas.

What appears, in the opinion of the coroner, to have been a flagrant attempt to dispose of a suicide case without proper investigation by the authorities, came to light yesterday, when application was made by Ernest A. Wollitz, a local undertaker, to the health department, for a burial permit for the remains of Mrs. Evangeline Tarr, who died at 2 a. m. on July 4, at her home, 969 Cypress street, from the effects of asphyxiation by gas.

Although Mrs. Tarr's death was caused directly by the effects of gas inhaled with the intent to commit suicide, no report of the case was made to the coroner, either by Dr. J. Stark, who was called to attend Mrs. Tarr after she was discovered unconscious from the effects of the gas, or by Wollitz, who was given charge of the arrangements for the funeral. Instead of reporting the case to the coroner, Wollitz, so it is alleged by Deputy Coroner Bolen, who, since he received the report of Mrs. Tarr's death, has been investigating the case, took the death certificate to Dr. Charles H. Rosenthal of San Francisco, who signed it, certifying that death was caused by gas asphyxiation, and also certifying that he had attended the deceased from May to July 3, thus leading to the belief that the gas was inhaled some time in May.

When Wollitz presented this certificate to the officers of the health department they refused to accept it, and declared that the case was one for investigation by the coroner. Thus, although Mrs. Tarr died at 2 a. m. on July 4, no report of the case was made to the coroner until 5 p. m. yesterday. When the report was received a coroner's jury was at once impaneled, and an inquest will be held at 7 p. m. on Monday.

Mrs. Tarr had been subject to extreme melancholia for some time previous to her death, and some time on the afternoon of July 3 she attached a tube to a gas jet in her room, and lying down on the bed placed the end of the tube in her mouth and inhaled the deadly fluid. She was found unconscious by her husband, W. N. Tarr, who conducts a grocery store at Ninth and Cypress streets, when he returned home at 7 o'clock.

Tarr at once summoned Dr. J. Stark, but the unfortunate woman had been exposed too long to the effects of the gas, and in spite of all that could be done for her, died at 2 a. m. on the following day. Instead of reporting the case to the coroner, as the latter alleges he should have done, Dr. Stark left the matter in the hands of the family. Tarr, ignorant of the fact that the coroner should be notified, called Wollitz to take charge of the remains.

At the time of her death Mrs. Tarr was twenty-four years of age, and beside her husband she leaves two small children. After the coroner's jury had been given an opportunity to learn the facts of the case, and view the remains, Wollitz was permitted to proceed with the arrangements for the funeral, but Deputy Coroner Bolen declares that he will endeavor to find out why the undertaker failed to obey the law which requires that such cases as that of Mrs. Tarr be reported at once to the coroner.

'ORPHANT' NO MORE

Strange Case of Willis Earl Miller of Fruitvale.

Willis Earl Miller, the twelve-year-old boy who was picked up on a door-step in San Francisco when but four days old and who thought he was an "orphant," is utterly bewildered at the number of relatives who have cropped up since the recent publication of the facts of his case.

Mrs. Minnie Hennessy, of Fruitvale, was the party, as has been heretofore published in these columns, who picked young Miller up and has cared for him as his mother for twelve years. She now has a petition for letters of guardianship before Superior Judge Harris and it is her intention, it is said, to send the lad to a home of correction should the petition be granted.

But Miller has found more than one person who is willing to provide for him. In fact his own mother, his stepfather, a cousin and an aunt, as well as a number of friends of all these parties, have been located, and it is more than probable that the much-related door-step youngster will find a home with some of them.

When the boy appeared in the Superior Court today at the time set for the hearing of the Hennessy petition, it was learned through the testimony of Mrs. Elsie Henry of 1364 Ninth street, a friend of the boy's mother, that young Miller is the son of Mrs. Alma Miller, who resides on Fountain street, in Alameda near the city pound and that his stepfather is James Miller, captain of the coastwise schooner Ellen, who earns $150 a month. So Mrs. Miller, by her second marriage did not change her name, having been Mrs. Miller by two marriages.

When Mrs. Miller No. 1, she took in washing and was employed by the Hennessy family in San Francisco. She was at that time the mother of two children and the lad who is now discovering his real identity was about to be born. Mrs. Miller was a widow in moderate circumstances and told Mrs. Hennessy that she could not care for any more children, requesting the Hennessys to take the child. To make sure that her wishes would be carried out, she left the child on the Hennessy door step.

Now it develops that Mrs. Miller No. 1 became Mrs. Miller No. 2. She did not tell her second husband anything about her third child, and because of this deception she has concluded to remain in the background. But she will be obliged to appear in court, for bench warrants were issued by Judge Harris today for Mr. and Mrs. Miller and Mrs. William Foltz of 3149 East Fourteenth street, an aunt of Willis Miller.

The young daughter of Mrs. Folz testified in court today that her mother was willing to take charge of the boy rather than have him sent to a reform school. No further hearing of the petition for letters of guardianship will be heard until Mr. and Mrs. Miller and Mrs. Folz are brought into court.

ELECTION FRAUD CASES IN DENVER DROPPED

DENVER, July 6.—Attorneys for the League for Honest Elections today asked leave to withdraw their petition in the criminal court for a grand jury to investigate alleged frauds in the vote on franchises at the city election, May 15. They made a formal statement setting forth their reasons for this step, the purport of which was that they wanted to have a jury drawn by elizors and the investigation conducted by special prosecutors, and as the supreme court had forbidden District Judge John I. Mullins, sitting in the criminal court, to oust District Attorney Stidger and Sheriff Nisbet, they had decided to drop the matter. Their request was granted by the court.

STOCKTON, July 6.—Mrs. Mary Peck, committed to the Stockton Asylum for the Insane by the Superior Court of San Francisco just after the earthquake, yesterday, while confined in a private sanitarium, picked the lock of a medicine chest with a hair pin and selected therefrom a bottle of carbolic acid which she swallowed, dying shortly after the discovery of the act. Her husband, C. W. Peck, works in Stockton.

REFUGEE IS IN TROUBLE

Held to Answer, Charged With Robbing Man on Street.

Hugh Graham, claiming to be a refugee from San Francisco, was this morning held to answer to the Superior Court by Police Judge Samuels on a charge of grand larceny. Bail was fixed at $2000. Graham is charged with grabbing $5 from the hand of C. S. Woodruff while the latter was intoxicated several days ago, and attempting to escape. Several newsboys followed Graham and notified Police Officer Cockerton, who placed him under arrest, and found $5 in his vest pocket.

Graham declared on the witness stand this morning that Woodruff had given him the money, but he was unable to explain why he had run away when he saw the officer approaching him.

SONS OF VETERANS IN ENCAMPMENT

LONG BEACH, Cal., July 6.—The twentieth annual encampment of the California division of Sons of Veterans met here yesterday. The encampment was called to order by George W. Conart of Los Angeles, division commander. The morning was taken up mostly by the passing on credentials of delegates and other routine business.

The following division officers are in attendance: H. A. Longfellow of Oakland, senior vice-commander; J. W. Cook, treasurer; A. C. Sittel of Los Angeles, secretary; C. B. Glass, Los Angeles, assistant secretary; C. A. Davison, division inspector; W. A. Lawrence, San Francisco; John A. Medlar, Los Angels, and E. H. Geering, Oakland, division counsel.

CHARGED WITH PENSION FRAUD

Frank Halstead, a United States prisoner, who was recently before Commissioner Heacock in San Francisco on a charge of presenting a fradulent pension for payment and who failed to provide $2000 bail when he was held to answer, is in the county jail here, pending the hearing of his case.

The committment recites that O. L. Sues is the complainant and that on June 9th, this year, Halstead feloniously presented for payment to Jesse B. Fuller, United States Pension Agent in San Francisco, a false claim against the Government for alleged service in "Company H, Seventh Regiment of the Regular California Volunteers, during the war of the Rebellion." The case has not as yet been set for trial.

NEW YORK, July 6.—Charles Paine died in Tenafly, N. J., on Wednesday. For seven years prior to his death he was general manager of the Panama railroad. Mr. Paine was born in New Hampshire in 1830. He was first connected with the Vermont Central and then with the Vermont & Canada. At the age of 28 he was superintendent of the Michigan Southern and Northern Indiana lines and was made chief engineer in 1864. Eight years later he was made general superintendent of the Lake Shore and Michigan Southern. He left the West to take charge of the New York, West Shore and Buffalo, and remained with it until 1884. Later he went to Europe and studied railroading. He was second vice-president of the Erie for a year, and for five years was second vice-president of a Philadelphia company which owns natural gas properties around Pittsburg. In 1899 he went to the Panama railroad. Mr. Paine wrote many articles on railroading, some of which were collected and published as a book, "Elements of Railroading."

LUNCHES WITH PRESIDENT.

OYSTER BAY, July 6.—Sir Joseph Ward, premier of New Zealand, took luncheon with President Roosevelt at Sagamore Hill today. Before proceeding to the President's home, Sir Joseph said he was most interested of the President of the possibility of negotiating a reciprocity treaty between the United States and New Zealand. The latter country, he said, had a surplus of wool and gum. New Zealand could negotiate a treaty with the United States, he said, without reference to the Government, and he was prepared to take the official preliminary steps in that matter and was anxious that such steps should be taken before he leaves the country. He said he should endeavor to leave the matter in the hands of the British embassy in Washington before his departure from the country.

"There have been several letters exchanged," said the Mayor this morning, "and I think that San Francisco may hope for an early settlement of the trouble."

SUGAR

is an important food—a great energizer, wholesome, nutritious and agreeable to most every stomach, if it is sugar and not some chemical substitute. Thousands of sweetened food products contain not a trace of pure sugar. They may have a chemical with the same symbol as sugar, but you don't want to pay for "symbols" when you're buying sugar. I know I don't. I hate to be doped with coal tar when I pay for sugar. The pure food laws will stop this humbug—meanwhile I go to Lehnhardt's for candy and sweetmeats and soda counter beverages

CHINESE TO FACE EMBEZZLEMENT CHARGE

SACRAMENTO, July 6.—Tom Quong, a Chinaman, wanted at Vacaville for the embezzlement of $600 or $700, was arrested in this city today by Sheriff Reese. It is alleged Quong had been given the money alleged to have been stolen by a fruit company to pay the wages of Chinese fruit-pickers.

TURNER ON "COLORED MAN."

Booker Washington has merely emphasized what another distinguished negro, Milton Turner, said years ago. Mr. Turner laid special stress on the fact that his race should be called "negroes;" for they are negroes, and no other term fitly applies. A literary magazine in its May number speaks of Paul Dunbar as "the colored poet," an absurd characterization, for, while poetry may be and often is colored, a poet is not susceptible to the operation. The writer recalls a political rally at which Turner was one of the speakers, and before he rose to address the audience he said in a low tone to the reporters sitting near: "Gentlemen, if you do me the honor to speak of me at all, you will please refer to me as a negro and not as a colored man. My remarks may be colored but I am not." His wish was respected.—Chicago Post.

DIPLOMACY.

Senator Long said of diplomacy at a dinner:

"That was a very diplomatic young lady whom I heard about the other day.

"'What do you do,' some one said to her at a ball, 'when a man persists in asking you for a dance, and you don't want to dance with him?'

"'I tell him,' she replied, 'that my card is full.'

"'But supposing it isn't, and he still persists?'

"'Then,' said the young lady, 'I insist it is, and at the same time let him see it isn't.'"

SWORE FALSE TO SAVE SON

That Is Why Judge Tanner Was Indicted For Perjury.

PORTLAND, June 6.—Assistant Attorney General Francis J. Heney today announced that Judge Tanner, convicted of perjury, was pardoned by the president.

Judge Tanner was convicted on his own confession that he had perjured himself before the federal grand jury in testifying that the partnership agreement of the firm of Mitchell & Tanner had been in existence several years, whereas it was less than three months old.

In an interview given to the Associated Press at the time he said that he had confessed in order to save his son, who was a clerk in the law office of Mitchell & Tanner, and who had drawn up the contract, from going to prison. He excused his conduct in perjuring himself by saying that he had been on intimate terms with Mitchell since his boyhood, and that it had been Mitchell who first gave him his start in the law business, not to mention his having been Mitchell's partner for more than a decade.

Judge Tanner was never sentenced, as it was generally understood that the government would allow him immunity in consideration of the service he rendered when he later went to the witness stand during Mitchell's trial in the government's behalf.

BUYS NEW TIRES TO WIN A HAT

ATLANTIC CITY, July 6.—To win a wager of a silk hat for its owner, the 60-horsepower Thomas automobile of John Megraw, the real estate operator and builder, ran from Camden to Atlantic City yesterday afternoon in the record-breaking time of ninety minutes.

It cost Mr. Megraw $340 to win the hat, as he had the machine overhauled and fitted with a new set of tires especially for the trip.

Mr. Megraw, in talking recently to a friend of the performances of his machine, said it regularly covered the distance between this city and Atlantic City in ninety-eight minutes. The friend doubted the statement, whereupon Mr. Megraw wagered that the machine would do it in ninety minutes.

The big automobile pulled off the Camden ferry, which was the starting point, at exactly 3 o'clock yesterday afternoon. In it were William Muller, Mr. Megraw's chauffeur and the former's wife.

By telephone it was learned that the machine had crossed Atlantic avenue, the finishing line, at exactly 4:30. This is said to be the fastest automobile trip to the shore of which there is any record.

VACATION LETTERS LEAD TO DIVORCE

CHICAGO, July 6.—Frank L. Jones of Oak Park says that a married man has the right to correspond with his stenographer when she's away on her vacation if he wants to. Mrs. Frank Jones says he has no such right, and Judge Walker agreed with Mrs. Jones and gave her a divorce with nice, generous alimony. Here are the two apparently innocent letters which decided the suit:

"Honey—Edna and I have just returned from a walk. We went to the Presbyterian church, where the Field funeral was being held * * * and such a mob!

"I suppose by the time this reaches you you will have a few deep breaths of New York 'moneyed air.' * * * Those gay New York belles are dazzlers, you know. * * * I'm going to take in the symphony tomorrow afternoon, and between the Art Institute, these concerts, and the like, I feel as though I'll turn into a 'classic.'"

A second letter reads:

"My Dear Boy—No letter from you yesterday or today! I didn't know but that you fell into an aquarium and couldn't get out. I was in almost all day yesterday. Went to a lecture in the afternoon, and it was just fine, too—on Gothic architecture. Took us all through the ancient churches."

GUM FIRST STEP IN PATH OF VICE

NORRISTOWN, Pa., July 6.—Professor C. H. Albert, of the Bloomburg Normal School, caused somewhat of a sensation in his address to the graduates of the Plymouth High School when he said:

"I would not, knowingly, permit my sons and daughters to attend a school wherein the teacher gave his or her energy to the chewing of a cud, as I detest the tobacco habit of men and the chewing-gum habit of women."

Professor Albert said that the chewing-gum habit in a teacher is the first step in the calendar of vice which serves to shatter the high ideal toward the accomplishing of which a mother may have prompted her child in its infancy.

DOCTOR WANTS CASH FOR ADDED FLESH

CHICAGO, July 6.—Mrs. Joseph Byrd is fifty pounds heavier than she was four years ago. Dr. St. John says that Mrs. Byrd owes that fifty pounds to him and he wants her to pay him $200 for them.

Mrs. Byrd admits the fifty pounds, and denies the debt to the doctor. She says she grew plump just as soon as she stopped taking the doctor's medicine, and he says she was as thin as a rail until he began his treatment. The case comes up in the court of Justice Cochrane today.

BLIND, BUT IGNORANT OF AFFLICTION

FORT COLLINS, Col., July 6.—Torn, lacerated, mangled so terribly that they were rendered utterly helpless for life, William McPherson and John Tetlow, who were the victims of a missed shot in the Ingleside limestone quarries some days ago, are yet ignorant of the most terrible affliction that has befallen them.

Both are totally blind, their eyes having been riddled with rock splinters, but neither knows the extent of his misfortune. At the hospital, after their frightful wounds had been attended to, their eyes were bound up tightly. Though both of McPherson's hands were blown off, he pleads continuously for the bandages over his eyes to be removed.

"It is bad enough to have lost my hands," says he, "but I am glad it wasn't my eyes."

Tetlow, who lost both eyes and was frightfully maimed, begs, as does McPherson, for the removal of the bandages.

Neither realizes that his eyes are destroyed and, thus far, the doctors, through motives of compassion and shrinking from making to the men the sad revelation that must come, have delayed removal of the bandages.

CONTEST OVER WILL

SACRAMENTO, July 6.—The legal battle over the Ora Runyon Buckman estate has been commenced in the Superior Court before Judge J. W. Hughes, and promises to be one of the hardest fought legal contests ever known in Sacramento county. Mrs. Buckman at her death left a palatial residence in this city and large landed interests along the Sacramento river. She was also a heavy stockholder in a local bank. Some time prior to her death, she made a will bequeathing the bulk of her property to Stephen Neal, who for a long time had officiated as Mrs. Buckman's secretary.

Shortly before her death Mrs. Buckman made an order revoking the will but at the time was so weak that she was obliged to make her mark, being physically unable to sign her name. After her death, her mother, Mrs. E. A. Runyon, was apointed special administrator of the estate and the battle over the estate between her and Neal is now raging.

Mrs. Runyon is represented by Garret McEnerney of San Francisco, A. M. Seymour and D. L. Donnelly of this city. The other side is represented by R. T. Devlin, W. H. Devlin, Grove L. Johnson and Eugene S. Walbherst. The preliminary skirmish, preceding the real battle is to have Mrs. Runyon ousted as special administrator and this is now being argued.

BOY DETECTIVE WAS TOO ZEALOUS

POTTSVILLE, Pa., July 6.—Bert Depue, a detective under age, employed by the Schuylkill Law and Order Society in securing evidence to put down illegal liquor traffic in this county, pleaded guilty to having misrepresented his age in the saloon of Patrick Graham, at Shenandoah, where he procured a drink for the purpose of testifying against the latter so that he lost his license.

Unable to pay the fine and costs imposed by Judge Bechtel, the youthful sleuth was sent to jail. His mother and sister, who were in court, shed bitter tears at his disgrace.

The Law and Order Society, whose crusade of last spring resulted in a half hundred saloonkeepers losing their licenses, is preparing to bring additional prosecutions in Shenandoah and other places for Sunday selling.

SCALPERS DOWNED

SALT LAKE, Utah, July 6.—In the federal court here today Judge John A. Marshall made permanent an injunction restraining eleven ticket brokers doing business in Salt Lake and Ogden from dealing in railroad tickets issued by the Rio Grande Western Railroad and the Southern Pacific Railroad companies.

The order of Judge Marshall is sweeping in character and in effect prohibits the scalping of railroad tickets anywhere in Utah.

The decision was rendered after a hearing extending over several days.

WARRANT FOR HARTJE

Sensational Developments in Famous Pittsburg Divorce Case.

PITTSBURG, Pa., July 6.—A controversy between opposing counsel in the sensational suit of Augustus Hartje, a millionaire paper manufacturer of this city against Mary Hartje, his wife, for divorce, which is now being tried here, has developed that Chief County Detective Robert G. Robinson, has warrants in his possession for the arrest of Augustus Hartje, John L. Welshons, a wealthy business friend, and Clifford Hoe, colored, former coachman for aHrtje. The charge against the three is conspiracy and the informations were made before Alderman King by Detective Robinson on April 18.

The warrants have not yet been secured, and District Attorney Robb stated to day that no action would be taken until the divorce trial is concluded. Hoe, the negro coachman, who was named as a co-respondent in the case, is now in jail awaiting trial on a charge of perjury in connection with a deposition made previous to the opening of the present trial.

TENTH-STREET PROPERTY SOLD

Herbert S. McKeen purchased today of Dennis Cain property on Tenth street, 100 fet east of Broadway. The lot is 50x100 feet. The consideration was not made public, but the new purchaser mortgaged the property back to the original owner for $20,000 and will make improvements on the property with this money.

PRINCESS STOLE PEASANTS' HENS

BERLIN, July 6.—The fascinating Princess Pelageia Taktakova has been arrested for chicken stealing.

She lives up in the Gori district of the Caucasus, in a fine old castle with a moat, two death towers and a history.

The peasants in the neighborhood of the castle have been complaining bitterly of chicken thieves, but nobody dreamed that the princess had even heard of the chickens.

The other day the princess was out driving and she stopped her carriage in a green lane and said she would walk a bit for the exercise.

Presently one of the children of the peasant who lived nearby ran to her father and told him that the beautiful princess was stealing her pet white hen. And sure enough, when the man got to the princess' carriage, there was a bag full of squawking chickens under the seat.

The princess is being tried for insanity. She is a handsome woman, a brilliant musician and an aristocrat to her finger tips.

WILL DIG POTATOES TO PAY MINISTER

MORAN, Kan., July 6.—The minister of the Presbyterian Church of Moran is going to get his salary this year if the women of his congregation have to dig it out of the ground with the potato crop. The Ladies' Aid Society has gone to plowing for that money.

A well-to-do farmer, J. C. Strong, gave the church fifty acres and said that whatever was raised on that land could be sold for the benefit of the church. Every woman in the congregation is out in the field of fifty acres hoeing corn some time during the day. The men plowed the land in May and the women have agreed to hoe and weed it.

The field is being watched eagerly by the members of the congregation and by the people of the community. Plenty of promises have been secured for cultivation during the summer and for assistance in harvesting when autumn comes. A number of grain dealers have requested permission to bid for the corn when it is gathered, and the probabilities are that the highest possible market price will be received for the product.

WHY HE LIMPED.

Arnold Daly, the actor, was talking about George Bernard Shaw.

"Mr. Shaw is a vegetarian," he said, "and I once attended a vegetarian banquet in London at which he was the guest of honor. The fare was excellent.

"Mr. Shaw, of course, had to make an address, and I well remember one thing he said. He said that they who persevered in vegetarianism soon became as fond of vegetables as a certain aged Scot was fond of—was fond of—

"He faltered and said that this Scot was one day observed to limp painfully. A friend stopped him and said:

"'What! Lame?'

"'Temporarily,' the Scot replied. 'I went home sober last night, and my faithful dog grippit me by the leg.'"—Boston Post.

Bomb That Boy Made for Fourth Creates Havoc With Residence.

SAN FRANCISCO, July 6.—A dynamite bomb, which was intended as a part of the celebration of the Fourth, was discharged last night in front of the residence of B. Briglia, 2150 Filbert street, with terrific force, frightening the residents for a mile around. Detective Ryan was detailed on the case and this morning arrested Joseph Lyons, a youth employed by a Fillmore street butcher. The bomb consisted of a pipe four inches in diameter and eighteen inches long, being filled with giant powder. Had the infernal machine been discharged while pedestrians were passing, undoubtedly several persons would have been killed. As it was, the residence of Briglia was shattered, five windows being broken and the frame strained. Three other houses in the vicinity also sustained broken windows.

The arrested youth states he did not fire the bomb off on the Fourth owing to the fact that he had no fuse. It was thought for a while that a box of powder left over by the fire-fighters had been exploded.

WILL DISMISS INDICTMENTS

Opinion of Judge Hull in the Cases Against Railroad Officials.

NEW YORK, July 6.—Judge Hull, in the United States circuit court today handed down an opinion, the effect of which is to dismiss the indictments found against Nathan Guilford, vice-president, and C. F. S. Pomeroy, traffic manager of the New York Central railroad, and C. H. G. [illegible] and Edwin [illegible], the latter sugar merchants of Detroit, charging them with conspiracy to violate the provisions of the Elkins rebating act, punishable by imprisonment. The court however, holds that the indictments against the New York Central road, Guilford and Pomeroy, found under the Elkins act, are good and sustains them so far as they are punishable by fine. In sustaining the demurrer to the other indictments, the court holds that congress did not intend violations of the Elkins law to be punishable by imprisonment. Judge Hull further holds that the amendment to the Elkins act providing a punishment by imprisonment was not retroactive and therefore could not include the men charged with conspiracy.

Bids will be received July 10, 1906, for the purchase of the Oakland Relief Committee's "Administration Building," situate Lincoln Park. Purchaser to remove not later than July 14, 1906.

RHEUMATISM

Mrs. Cota, Confined to Bed and in Constant Pain

Was Permanently Cured by Dr. Williams' Pink Pills

Every Sufferer from Rheumatism Should Read This Statement of a Grateful Woman.

Rheumatism can be inherited and that fact proves it to be a disease of the blood. It is necessary, therefore, to treat it through the blood if a permanent cure is expected. External applications may give temporary relief from pain but as long as the poisonous acid is in the blood the pain will return, perhaps in a new place, but it will surely return. Dr. Williams' Pink Pills cure rheumatism because they go directly to the seat of the disorder, purifying and enriching the blood.

Mrs. Henry Cota, of West Cheshire, Conn., is the wife of the village machinist. "Several years ago," she says, "I was laid up with rheumatism in my feet, ankles and knees. I was in constant pain and sometimes the affected parts would swell so badly that I could not get about at all to attend to my household duties. There was one period of three weeks during which I was confined to the bed. My sufferings were awful and the doctor's medicine did not help me.

"One day a neighbor told me about Dr. Williams' Pink Pills and I decided to try them. After I had taken them a short time I was decidedly better and a few more boxes cured me. What is better, the cure was permanent."

Remember Dr. Williams' Pink Pills do not act on the bowels. They make new blood and restore shattered nerves. In this way they carry health and vigor to every organ and fiber of the body. They are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes $2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.

WOMAN BLUFFED BURGLAR

Unarmed, She Faces Him and Forces Him to Flee.

DENVER, July 6—Mrs. Leona Dingley Petty, wife of Benjamin Petty, of Horan's undertaking establishment, enjoys the proud distinction of having chased a burglar away, single-handed and unarmed. The encounter occurred at the residence of the Pettys at 1119 East Twentieth avenue.

Mr. and Mrs. Perry were married one year ago last night and decided to give their friends a "Dutch lunch" in honor of the event. They stored their delicacies in the ice box on the back porch, and had two dozen bottles of beer packed in a tub of ice near by.

About 9 o'clock Mrs. Petty went to the back porch to put some salad in the ice box, and was startled when she saw a man on his hands and knees on the back porch.

When asked what he wanted, the man did not answer, but crawled nearer to the door and seemed to be making ready to spring at Mrs. Petty, who had disturbed him at his work.

Putting on a bold front, Mrs. Petty ordered the burglar away, telling him that if he did not go she would shoot him. The man then jumped to his feet and ran through the backyard, where he disappeared.

On examination the food in the ice box was found to be intact, but not so with the beer. Two quart bottles had been emptied and carefully refilled with water and recorked.

PUFFS CIGARETTE DURING OPERATION

NEW YORK, July 6.—"All I want is a cigarette, Doc. Then you can go as far as you like."

When a sympathetic bystander had handed him one, William Robert, an electric engineer, forty years old, of 34 India street, Brooklyn, leaned back, smoking upon the steps of Brooklyn Borough Hall and permitted Ambulance Surgeon Smith of the Brooklyn Hospital to amputate four toes.

A few moments before Robert had attempted to cross "Dead Man's Crossing," at the junction of Fulton and Willoughby streets and Boerum place. A crosstown car in charge of William Kelley, motorman, struck him. He was thrown one side, but the wheels of the forward truck passed over his left foot.

Dr. Smith performed the operation in the glare of an electric light, and then took the nervy man to the hospital. It will be several weeks before Robert will be able to walk.

CORPORATIONS ON ASSESSMENT ROLL

SACRAMENTO, July 6.—Both the Western Union and the Postal telegraph companies have been assessed here on their franchises, and both are making a fight before the local board of equalization on the ground that if Sacramento can enforce repayment of tax on franchise every city, town and hamlet in the country where they have offices may do likewise, and thus burden the company beyond financial endurance. The assessments here are as follows: Western Union, municipal tax assessment, $80,000; county assessment, $10,000; Postal, municipal, $30,000; county, $5000. The contention is made on behalf of the companies that they are operating under federal franchises and therefore are not amenable to laws imposing franchise tax in cities and towns.

WILL LEAVE UNIVERSITY.

SAN JOSE, July 6.—Dr. Eli McClish, president of the University of the Pacific, has announced to the board of directors that he will not retain his connection with the institution after the next conference of the Methodist Episcopal church. This action has been in contemplation by Dr. McClish for some time, and is said to have been hastened by friction with several members of the board of trustees.

DEMANDS COST FOR SLANDER

Woman Named in Divorce Suit Says She Will Sue Plaintiff.

GEORGETOWN, Colo., July 6.—Mrs. Irene Esmay, wife of H. G. Esmay, a prominent citizen of Georgetown, who is mentioned as co-respondent in the suit for divorce brought by Mrs. Nettie Robeson against Jacob H. Robeson, the mining magnate and politician, threatens to sue Mrs. Robeson for $25,000 for alleged defamation of character. Mrs. Esmay is thoroughly indignant at the charges made against her, and declares that not one of them can be proved.

Attorney J. J. White, who is representing Mrs. Robeson, says he will welcome any action that Mrs. Esmay may bring, as it will give them a chance to examine her as a witness.

It has leaked out that Mrs. Robeson, two years ago, for a period of four months, engaged private detectives to shadow her husband and Mrs. Esmay while they were in California, and that it was on what these sleuths claimed to have discovered that the suit for divorce was filed.

Still another story in circulation regarding Mrs. Robeson's desire for a legal separation is that her husband, some time ago, when he learned that his wife intended filing a suit, offered her $10,000 if she would consent to sue on purely nominal grounds, such as desertion and non-support. Mrs. Robeson spurned the offer because she had been married to him for twenty years and was therefore entitled to one-half of the property he had accumulated through her assistance.

Robeson is said to be on the high road to great wealth, and that he is clearing at least $13,000 a month from his lease on the Smuggler Union mine at Telluride. He is also said to have realized $65,000 net as his commission in the sale of the Dives-Pelican-Seven Thirty mines at Georgetown, besides sharing heavily in profits from leases on that big producer. Robeson is said to be in Denver, and may arrive in Georgetown tomorrow. It is understood that if he contests his wife's suit, she will file a supplemental bill, naming at least two other women.

The naming of Mrs. Esmay as co-respondent has not disrupted her family. Mr. Esmay thoroughly believes in his wife's innocence of the charges and declares he will stand by her to the last.

FORMER PRESIDENT ILL AT HIS HOME

NEW YORK, July 6.—At the residence of Dr. Joseph Bryant in this city, Grover Cleveland's physician, it was said last night that although Dr. Byrant was not at home, it could be stated that the former President's illness is not serious.

It was reported at Princeton that Mr. Cleveland had been stricken with appendicitis but this report could not be verified.

When Mr. Cleveland's residence at Princeton was called last night by telephone the operator said he had been intrusted to say only that "Mr. Cleveland was resting easy."

PRINCETON, N. J. July 6.—Former President Cleveland is ill at his home here, but how seriously is not known outside the family circle. A telephone message from the Cleveland home last night gave the information that he was resting easy. Mr. Cleveland became ill at his summer home in New England and decided to come to Princeton, and arrived here Wednesday night.

WRIT OF MANDAMUS IS REFUSED ATTORNEY

TOLEDO, O., July 6.—A peremptory writ of mandamus was refused Attorneys Thomas H. Tracy, Clarence Brown and Alexander L. Smith yesterday afternoon in the Circuit Court and the hearing of the contempt of the court feature of the ice trust cases was continued until tomorrow morning at 10 o'clock.

The Circuit Court held that Judge Kincaid must be given notice of the application and a chance to file his answer thereto.

The Circuit Court will hand down its decision as to a stay of execution in the cases of Joseph A. Miller, H. P. Breining and Peter Watters this morning.

ST. GAUDENS, THE SCULPTOR, VERY ILL

NEW YORK, July 6.—It was learned in this city last night that Augustus St. Gaudens, the sculptor, is ill at his summer home at Windsor, Vt., where he has a studio and that he was suffering from the effects of a number of operations supposed to be for cancerous growth. St. Gaudens was a patient at the Brookline, Mass. hospital some weeks ago when he was treated for sciatica, from which he had suffered a long time.

Some Queer Relief Methods in San Francisco

The gentlemen in charge of the San Francisco relief fund are being treated to some very plain talk by the San Francisco dailies for their dilatory, secretive and expensive methods. Estimates of the expense of distributing the money and supplies so generously contributed to the relief of the needy have swelled till they are fairly appalling. While people in the camps are complaining of inability to get small articles of clothing and other bare necessaries of life, salaries and jobs and the list of paid employes grows longer. It costs twenty cents out of every dollar to distribute it, yet the distribution is unsatisfactory.

Having appointed three commissioners at $6,000 a year to take charge of the relief work, the general committee finds it advisable to conduct its business in private. The meetings of the committee are of the secret kind called executive, from which reporters and outsiders are studiously excluded. All that the public knows of what transpires is a socalled official statement given out for publication. These statements no more tell what happens in the committee meetings than they tell us what transpires in the kingdom of heaven.

What call is there for all this secrecy? The committee is transacting the public's business in a peculiar sense, handling and expending money that is the common property of the needy. Why should the public be denied information as to what the committee does and discusses when it meets behind closed doors?

It is evident that the committee is getting out of touch with public sentiment; it is losing popular confidence. The way it has of handling a trust fund, peculiarly sacred, does not accord with the ideas of the general public. There is too much mystery and red tape, too many ways of spending the money before its gets to the needy and too few of getting relief to those in need of it. There is too manifest a disposition to treat the fire sufferers as charity dependents and frauds, likewise a disposition to regard the people for whom the money was intended as having no voice in the expenditure thereof and no rights in the matter. A small army of salaried flunkies of political bosses have interjected themselves between the relief fund and the people for whom it was intended by the contributors. It is not surprising, therefore, to find the agents of relief eating up the fund and assuming to be the masters of the people in need of relief.

If a noisome scandal is not the outgrowth of this condition it will be strange indeed. It is to be hoped that there will be none, but it must be confessed that the conditions are ripe for one.

Still another Pittsburg millionaire has become involved in a nasty scandal because he desires to get rid of his wife that he may marry a younger woman who appeals more to his taste. The iron kings of Pittsburg are beginning to take rank with the rotten royalties of Europe with respect to profligacy and indifference to the canons of decency.

Recorder Grim's Splendid Showing.

As a showing of official capacity and general prosperity in the community, the summary of the business transacted by the County Recorder's office during the month of June cannot be surpassed.

The receipts were $5,077.25, and the expenses $2,874.03, leaving a net profit to the county on the month's business of $2,203.22. This is a showing that should be satisfying to the taxpayers and exceedingly gratifying to Mr. A. K. Grim, the Recorder, who has maintained a standard of efficiency and economy during his incumbency that challenges admiration and emulation.

While upon this subject, it is not amiss to remind the Republicans of a duty they owe themselves and the community. They should, by all means, place Mr. Grim's name on the regular Republican ticket for the next election. They should do this in obedience to the dictates of sound public policy and good politics. Mr. Grim is a Republican whose devotion to party principles cannot be questioned, and whose standing as a citizen is beyond cavil. His official record cannot be excelled. It calls for universal commendation, and gives Mr. Grim a claim upon public consideration that cannot and should not be ignored.

There is nothing to be gained by making a futile fight against a faithful and popular public officer, who has twice proved at the polls that his strength with the voters does not depend on a party nomination. The people have shown unmistakably that they want Mr. Grim in the County Recorder's office, and the admirable record he has made during two terms is convincing testimony that they are right. His close and exclusive attention to the affairs of his office is a proof also that he is the right man in the right place.

The Republican County Convention can therefore do a wise, just and popular thing by making Mr. Grim the regular party nominee.

The Arizonians have a great liking for President Roosevelt, but all the same they are not likely to follow his advice in the Statehood matter. They will probably stick to their demand for separate Statehood and vote down the proposition to annex them to New Mexico.

Truth Shining at Last.

The facts regarding the murder of Architect White by Harry Thaw are beginning to emerge from the cloud of scandal and invented salacity thrown around the case at the start. It is now definitely established that White had been shadowed by private detectives in the pay of Thaw for thirteen months prior to his murder; that during all this period White never spoke or communicated with Mrs. Thaw; that the stories of White's wild orgies at his Twenty-fifth street residence and his studio in the tower of Madison Square Gordon are pure inventions; and that Thaw's grudge against the architect arose from circumstances and events dating back to a period considerably anterior to the marriage of Thaw and the Nesbit chorus girl. It is stated that Evelyn Nesbit once took steps to bring an action against Thaw charging him with offenses against her chastity and honor, and that she consulted White, who took her to a lawyer. No court proceedings ensued because Thaw made a settlement with the woman and shortly after sailed to Europe with her. It is also said that White became acquainted with Miss Nesbit when she was an artist's model and secured her a place in the "Florodora" chorus by his influence with George W. Lederer. Assuming that White's interest in the girl was neither unselfish nor virtuous, there is still no evidence that she was virtuous when he discovered her or that he ever misused her. At all events, it was before Thaw came on the scene, and his relations with her, whatever they were, ceased long before Thaw married her. As the sifting of the facts from the mass of lies goes on, it is probable that the great architect's reputation will be still more cleared from the calumnies invented to shield his murderer. It is evident now that he was foully murdered by a dissolute spendthrift who is either partially demented or cherished a jealous grudge till it overmastered his feeble intellect.

Still Villifying Oakland.

The Berkeley Gazette attempts to excuse itself for its constant villification of the inhabitants and officials of Oakland by a lot of hypocritical twaddle that humbugs no one. It speaks of the honesty, virtue, culture, and high social conventions of the great body of Oaklanders, and in the next breath says that "the municipality has been captured by the saloon element and its co-partners in the field of vice and human degradation." This can only be characterized as a malignant falsehood. The Gazette pretends to consider the presence of saloons in Oakland as exceptional, and as evidence that the city government is dominated by men engaged in the retail liquor business. It was abusing the authorities of Oakland for not closing the saloons when the saloons in Berkeley were running wide open. It is well aware that the saloons were open in Richmond, Emeryville, Alameda, and all the other towns around the bay at the very time it was abusing Oakland and her people like a drunken costermonger. This abuse was dictated by a cold-blooded, mercenary spirit. It was the fruit of an intentional policy of detraction and calumny inspired by sordid considerations. It was about as much concerned about honesty and virtue as was Black Bart. The Gazette is simply lying about Oakland in the hope of making something out of it. What it says is intended to deceive and create ill feeling between the citizens of Berkeley and the citizens of Oakland.

Oakland is not a high sounding or distinctive name to be sure, but it is better than "East San Francisco." To take the latter name, as Secretary Stearns of the Chamber of Commerce suggests, is to take on the badge and livery permanently of a suburb. Oakland has ceased to be a suburb; and it is not a part of San Francisco geographically or politically. Furthermore, the name East San Francisco is no more applicable to it than it is to Berkeley and Alameda. In time there will be one great city on this side of the bay, embracing Oakland, Berkeley, Alameda, and the adjoining towns, which have already grown to be almost a compact community. Oakland is not a good name for this great city, but neither is East San Francisco. Either Berkeley or Alameda is far more preferable. Either would be distinctive and impressive. However, the question of title can be left in abeyance till public sentiment shall crystallize and order the consolidation of the municipalities on this shore of the bay. In the meantime, there is nothing to be ganied by trying to make Oakland a tag to San Francisco.

STANFORD WHITE AS ARCHITECT.

The late Stanford White, through his long association with the famous firm of McKim, Mead & White, shares in the extraordinary wealth of design characterizing all their highly classical work, which for 25 years has led American architecture. Charles F. McKim and William Rutherford Mead have had in White an equal coadjutor in the work which it may be said has more strongly influenced American architecture, private and public, than any other that has been done. No injustice is done to Mr. McKim, who is undoubtedly regarded as the chief of our architects, or to Mr. Mead, a strong man, in attributing to White the most fascinating of the firm's great productions. Perhaps architecture should not so much fascinate as command, as in the Boston Public Library, which is attributed to Mr. McKim, but no other adjective but fascinating will characterize the poetic imagination which inspired the Madison Square Garden, with the Diana of St. Gaudens at the peak of its beautiful tower. In that tower Mr. White had his suite of rooms, his retreat from business, but yet a studio where he evolved many of his best ideas. Mr. White has also attributed to him the beautiful buildings of the Century association and the Metropolitan Club; and his, also, were the new buildings of his Alma Mater, New York University, on its heights, and also the most noble classical work in Manhattan, the Washington arch at the Fifth-avenue entrance of Washington square, which alone would make an artist's reputation, even in its not yet finished state.

Stanford White came of a long and interesting lineage from New England origins, numbering among his ancestors dignitaries of church and state. The artistic bent which he may have come in by the distaff side somewhere; for his father, Richard Grant White, possessed it in many directions. He was a distinguished critic, especially in respect to the English language, as grammarian and etymologist, wherein he waged many a notable controversy with English scholars; he was also a versatile amateur in many lines, and a fine violinist, he had studied the secret of the varnishes of Cremona and Venice, and spent years in searching for it by experiment. His best fame is that of "Shakespeare's Scholar." This is recalled to show how Stanford White came righly by his artistic genius, from heredity as well as environment. Though he studied with Richardson and helped him in some of his monumental works, such as Trinity Church in Boston, he was himself individual in his singularly poetic view of things. And he has gone to his own place, whatever that may be.—Springfield Republican.

HERE AND ABROAD.

(It was over 50 years ago that Tennyson wrote his famous protest against the adulteration of food and general commercial dishonesty.)

Why do we prate of the blessings of peace?
We have made them a curse.
Pickpockets, each hand lusting for all that is not his own;
And lust of gain in the spirit of Cain, is it better or worse
Than the heart of the citizen hissing in war on his own hearthstone?
But these are days of advance, the works of men of mind.
When who but a fool would have faith in a tradesman's wares or his word?
Is it peace or war? Civil war, as I think, and that of a kind
The viler, as underhand, not openly bearing the sword.

Peace sitting under her olive and slurring the days gone by,
When the poor are hovell'd and hustled together, each sex, like swine.
When only the ledger lives, and when only not all men lie;
Peace in her vineyard—yes!—but a company forges the wine.
And the vitriol madness flushes up in the ruffian's head,
Till the filthy bylane rings to the yell of the trampled wife,
While chalk and alum and water are sold to the poor for bread,
And the spirit of murder works in the very means of life.

PRAYER.

I stood upon the threshold; musical
Reverberant footsteps ghostlike came and went,
And my lips trembled as magnificent
Before me rose a vision of that hall
Whereof great Milton is the mighty wall,
Shakespeare the dome with incense redolent,
Each latter singer precious ornament,
And Holy Writ the groundwork bearing all.
"Lord," sobbed I, "take Thy splendid gift of youth
For the one boon that I have craved so long;
Mold thou my stammering accents and uncouth,
With awful music raise and make me strong,
A living martyr of Thy vocal truth,
A resonant column in the House of Song!"

SOCIALISTS FOR PUBLIC LIFE

Executive Committee Is Planning to Open School.

BERLIN, July 6.—The executive committee of the Socialist party has announced its intention to establish a partisan war school in the autumn with the object of preparing Socialist youths for public life by lectures on national economies, socialism, law, history, science, literature, the natural sciences and debating exercises.

The Vorworts, organ of the party, says that no expense should be spared to carry out the plan of thus creating a body of well informed agents, adding that owing to the Reichstag's decision to pay members of the Reichstag for their services it is not necessary for the Socialists to collect money to pay their own members, as has hitherto been done, thus saving $20,000 annually for the partisan war school."

F. B. TAYLOR GOES EAST BUSINESS BENT

F. B. Taylor, president of the Bowman Drug Company, left Wednesday for the east to purchase goods for his popular establishment in this city. The increase of the trade enjoyed by this popular and reliable drug house is marvelous, and their handsome store is crowded every minute it is open. The new quarters at the northwest corner of Broadway and Thirteenth street is one of the best appointed of its kind in the United States, and it has gained an enviable reputation for reliability in every article that leaves the premises. You get what you ask for, no substitutes being forced upon you, and the prescription department is under the able and capable supervision of most competent licensed druggists. Mr. Taylor, the president of the large concern, will, during his absence, visit all the wholesale drug centers on the other side of the Rockies, and will purchase one of the largest invoices ever shipped to this coast for a retail drug house, the consignment consisting of every known article carried by a first class drug store, as this favorite place of business is known to be. The trade of this firm is rapidly increasing, which shows that the thousands of patrons who bestowed their patronage upon this house are invariably satisfied with all dealings had with them.

SURPRISED AT THE AMERICAN SOLDIER

WASHINGTON, July 6.—The military appearance of the American soldier was a surprise to George V. Winter, who came from London on invitation of the War Department to design certain improvements in the uniforms of the service which would bring them in line with the superior fit and make up of the British uniforms.

"The American soldier has the best build and bearing in the world," declared Mr. Winter, on the eve of his departure for New York. I thought Tommy Atkins was the best in line, so I am surprised at what I have seen here. While the American soldier is not so beefy as the Britisher, he is 'smarter' and better set up. He is the best looking soldier in the world, superior to the fighting men of Germany, France and England. The only improvement in the uniforms is to give him a better fit, giving full effect to his fine qualities."

The patterns submitted by Mr. Winter indicate the numerous minor changes in the uniforms, but no radical departure from existing styles.

NEW MINISTRY FOR SPANISH NATION

MADRID, July 6.—King Alfonso today sanctioned the appointment of the following ministry to succeed the cabinet headed by Moret y Prendergast, which resigned yesterday:

Premier and Minister of War—Field Marshal Lopez Dominguez.

Minister of Foreign Affairs—Senor Gullon.

Minister of the Interior—Bernabe Davila.

Minister of Finance—Navarro Reverter.

Minister of Public Works—Garcia Prieto.

Minister of Marine—Senor Alvarado

Minister of Instruction—Amalio Glemento.

Minister of Justice—Count Romanx Anones.

Although the Moret cabinet disappear, the ministry represents the same general policy consisting of prominent men representing the various Liberal groups in the Senate and Chamber of Deputies.

SCULPTOR ALL RIGHT.

WINDSORT, Vt., July 6.—August St. Gaudens, the sculptor who is ill at his summer home in Cornish, N. H., and who has been in ill health for some time past, was busily at work when seen today. He has not been confined to the house since his arrival at Cornish, a few days ago. At his home today it was denied that Mr. St. Gaudens had undergone any operation for the removal of cancerous growth.

CLEVELAND BETTER.

PRINCETON, N. J., July 6.—Former President Grover Cleveland, who is ill of indigestion at his home here, sent down word from his room this morning to a reporter for the Associated Press to the effect that he has been slightly ill, but is feeling better and will be out in a day or two.

CZAR DELAYS HIS VOYAGE

Will Not Go Away Until Ministry Trouble Has Been Settled.

ST. PETERSBURG, July 6.—The impossibility of forming a coalition ministry, together with the strength developed by the government in the Council of the Empire (Upper House of Parliament), evidently has had the effect of temporarily prolonging the life of the Goremykin Ministry and also has resulted in the postponement of the Emperor's contemplated cruise in Finnish waters.

In accordance with the decision of the peasant workmen's Congress at Helsingfers, emissaries have been despatched throughout Russia to instruct the peasant and preletariat organizations to continue their preparations for an armed uprising, but to await the signal from St. Petersburg.

INFORMED OF DEATH.

WASHINGTON, July 6.—Dr. C. H. Stites, of the Public Health and Marine Hospital Service, today received notice of the death, at Genoa, of Dr. Fritz Schaudins, of the Imperial German Health office. He was known particularly for his investigations of malaria.

Then we expect a big crowd at the **SOROSIS SHOE** department. Until now our stock of Oxfords and Pumps has been somewhat limited, but we have a magnificent assortment now. All the leathers, all the styles, all the sizes. There will be a great many ladies over from San Francisco to buy Sorosis Shoes.

Of course the crowd around the table where we are selling those 75c and $1 00 children's dresses will be very much in evidence. People never tire of picking over values such as these, and Saturday being children's day—well, it will be a busy corner.

And if it's the least bit warm the shirt waist section will be a veritable bee hive. Funny how folks flock in for shirt waists when it's hot. You'd think they'd buy them when it's cool and comfortable and have them when it's warm and uncomfortable. But we are all alike. Never lock the barn until the horse is stolen.

The glove, ribbon, veiling, neckwear and notion counters are always so busy Saturday that we actually fear to advertise them. But we always try to have a clerk for every customer, so that nobody waits and everybody has a chance to buy —better for both of us.

ROSENBERG'S BOMB PLANT

Seattle Anarchist Had Cellar Full of Deadly Materials.

SEATTLE, Wash., July 6.—German Consul Geissler of this city, at whose instance the police searched the former home of August Rosenberg, the alleged anarchist arrested yesterday at Altona, Prussia, is said to have at least two secret agents looking up further details of Rosenberg's mode of life in Seattle. The outfit found by the police, consisting of 200 bottles of acids and explosives, a well equipped furnace, crucibles, mortars and several hundred pounds of scrap iron still remains in the basement of 2209 Sixth avenue, where Rosenberg lived in Seattle. Consul Geissler has made no effort so far to secure the stuff as evidence and the police do not feel called upon to act further unless requested by the German authorities. The consul was notified of the arrest of Rosenberg at Altona.

MAYOR IN CONTEMPT

Chief Official of Topeka Fined For Not Obeying Order.

TOPEKA, Kan., July 6.—The State Supreme Court today handed down a decision holding Mayor Rose of Kansas City, Kansas, in contempt for having assumed the office of mayor after the court had ousted him for the non-enforcement of the prohibition law and the law against gambling. In the order today Mayor Rose is ordered to relinquish the office and is fined $1000 for contempt. The court further orders if Mayor Rose fails to pay the fine within twenty days he shall be committed to jail until such time as it is paid.

Mayor Rose's attorneys immediately filed a writ of error. If this is not granted the case will be appealed to the United States Supreme Court.

After being ousted last January Rose was re-elected at a special election.

STOPPED CAR JUST IN TIME

Motorman Saves Life of Woman Who Attempts to Commit Suicide.

SAN FRANCISCO, July 6.—While suffering from melancholia Mrs. Ida Black, a refugee, residing in tent No. 625, Jefferson square, last night attempted to commit suicide by throwing herself in front of a Turk street car. Her attempt was thwarted by the motorman who brought the car to a stop when the wheels were within a few inches of the body of the woman. She was taken to the Central Emergency hospital where she was placed under observation. Dr. Magnes states the woman is suffering from suicidal mania induced by the trying experiences she was compelled to go through.

DEATHS FROM DISEASE.

The latest returns tells us that the total loss of life by the earthquake and the fire (in San Francisco) foots up less than 2,000. This number has been many times greatly exceeded. For example, in the Lisbon earthquake of 1755, 60,000 perished. The Calabria earthquake of 1783 killed 32,000. In 1896 a tidal wave forty feet high produced by earthquake killed 27,000 on the coast of Japan. At Martinique 40,000 perished. But these disasters are nothing—they are but drops in the ocean, when we think of the daily and hourly tribute of human victims to disease. Here are the figures:

37,500,000 persons die each year.
103,000 persons die each day.
4300 persons die each hour.
70 persons die each minute.
1 person dies each second.

Every thirty minutes, then, more people die than were killed by the earthquake. Most of these are the victims of preventable disease. In the United States alone 416,000 persons die annually of pneumonia. 413,000 persons die of consumption, 144,000 persons die of apoplexy, 130,000 persons die of cancer—more than a million dying of four diseases only, all of which are preventable. If the earthquake is terrible because of the loss of human life, here is something almost infinitely more terrible. Day and night this vast procession of corpses—100,000 a day—each with its funeral car and weeping mourners—passes down the highway of life to new-made graves. We have become accustomed to the funeral dirge and the mourner's wail. Our hearts are calloused to the stricken mother's grief and the motherless child's lament. We take death from disease as a matter of course and stand stupidly by waiting our turn.—From Good Health.

A MOTHER'S RETORT.

Dr. Breckenridge, a well known American clergyman, and his two brothers, also of the same profession, one day paid a visit to their mother.

"Do you not think, mother," said he, "that you ruled with too rigid a rod in our boyhood? It would have been better, I think, had you used gentler methods."

The old lady straightened up and said: "Well, William, when you have raised up three as good preachers as I have, then you can talk!"—Exchange.

SEASICK.

"Are you fond of yachting, Miss Gray?"

"Oh, yes! At the very thought of the inspiring breeze, the straining sail, the rushing water, I can hardly contain myself."

"Y-yes—that's the way it affects me."—Cleveland Leader.

FEW TOOK ADVANTAGE OF OPENING OF SALOONS

SAN FRANCISCO, July 6.—There were just thirteen arrests made on charges for drunkenness yesterday by the police, as a result of the opening of saloons. There were four women among the number. The four police judges before whom the arrested person appeared sentenced each of the offenders to pay a fine of five dollars or serve five days in jail. Those who are unable to produce the coin will be put to work on the brick pile.

SOLICITOR CHARGED WITH EMBEZZLEMENT

SAN FRANCISCO, July 6.—The J. C. Westphal Flouring Company this morning secured a warrant from Police Judge Mogan for the arrest of George Martin, a solicitor, on a charge of having embezzled $93 of the firm's money.

L. B. Weiler, a butcher doing business at the corner of Clay and Webster streets, swore out a warrant this morning for the arrest of Herbert Merchl, alleging the latter had embezzled $300 from him.

YOUTH ON PROBATION AGAIN IN DIFFICULTY

SAN FRANCISCO, July 6.—S. P. Wetson, a youth of 18 years of age, was to day charged with burglary and grand larceny as a result of two thefts committed before the fire. He had been released on probation, but got into more trouble at Los Angeles. He was brought back and the original charges preferred against him. The fire destroyed the records in the case and he could not be committed to state prison on his original plea of guilty. The specific crimes attributed to Weston is the robbery of the residence of Earl De Veuve, 120 Pierce street, and the theft of $800 worth of jewelry from the home of Mrs. C. Coffin, 601 Fell street.

SUPERIOR JUDGE OGDEN IS ILL

Superior Judge F. B. Ogden was unable to be on the bench today, owing to an indisposition which will confine him to the house possibly until next Monday. OUTSIDE WORK IS COMPLETED

Hearst Memorial Mining Building Will Be Ready in August.

BERKELEY, July 6.—After three years in construction work, John Galen Howard, supervising architect of the University of California, announces that the new Hearst Memorial Mining Building at the University of California is completed all but the interior finishings, and will be ready for occupancy when the fall college term opens in August.

The building is the finest mining building in the world. There are buildings of more ornate appearance, of more spectacular appearance, but for construction work and solid grandeur the new structure on the Campus cannot be matched anywhere else in the world.

This building is being paid for by Mrs. Hearst, who desired it to be a memorial to her husband, the late United States Senator Hearst, who was one of the great California and Comstock mining operators. Because it was to be a memorial and because it was to be Mrs. Hearst's particular building in the scheme for the Greater University, designed by Bernard, she gave notice that it should be the finest that human skill and human brains could design. To this end Architect Howard was sent East and abroad for a year to study technical schools and mining buildings at all the great universities and in all the great cities of the world. He came back laden with ideas, and these combined with his own original plans enabled him to produce with the [illegible] allowed him one of the most splendid structures of its kind that has ever been built.

The building is three stories in height, aside from the basement floor. It is built of great blocks of California granite, with monumental base. This base represents the rude, primitive, shrewdly savage aspect of nature. Gradually as the building rises the architecture grows more involved and represents in artistic spirit the triumph of civilization in mastering the forces of nature. It is Mr. Howard's idea that mining has to do with the bone and body of the earth, so from the solid granite on the front of the building under the cornices he has emerging six classic figures, three male and three female, representing the arts and sciences. The figures show from the waist out. They were designed by Sculptor Aitken. At the top the monumental building bursts out in rich and massive redwood beams, upheld by granite cornices.

The inside of the great structure is designed for the most effective and thorough study of mining as a profession and an industry. The equipment is complete in every respect. The memorial museum is to be a feature of the building. Its roof is composed of three domes, covered with cathedral glass. The sides of the dome are being done in Guastovine tiling, the son of Guastovine having himself come out from Boston to do the work. It is the first work of its kind done on the Pacific Coast.

FIRE DISCOVERED IN NICK OF TIME

BERKELEY, July 6.—What might have been a disastrous fire was discovered last night just in time, by Miss Ruth Schaeffer of Virginia street, who saw flames leaping from the roof of the house occupied by T. Webster at 2112 Virginia street, about 7:30 o'clock.

Miss Schaeffer, in company with her parents, was sitting on the veranda opposite the Webster home when the young woman observed flames leaping from two different places on the Webster residence. Her father turned in an alarm and then assisted a man to carry ladders from his home to the burning house. Another man whose name could not be learned, assisted by carrying several buckets of water to the roof. By the time the North Berkeley fire department arrived the fire was practically out, and the firemen finished the job.

REGISTERING FOR THE BOND ELECTION

BERKELEY, July 6.—Yesterday was the last day for the registration of voters for the bond election, which takes place on Saturday, July 21st, and many electors availed themselves of the opportunity. About fifty new residents registered in the Town Clerk's office today. S. N. Wyckoff, secretary of the Chamber of Commerce, and Walter Woolsey, of Little & Woolsey, are registering the voters.

The bond election will decide whether or not the town shall be bonded for approximately $1,000,000. There will be one voting place in each ward and two sets of election officers, one for the school bonds and one for the regular town improvements, of which the Trustees have control.

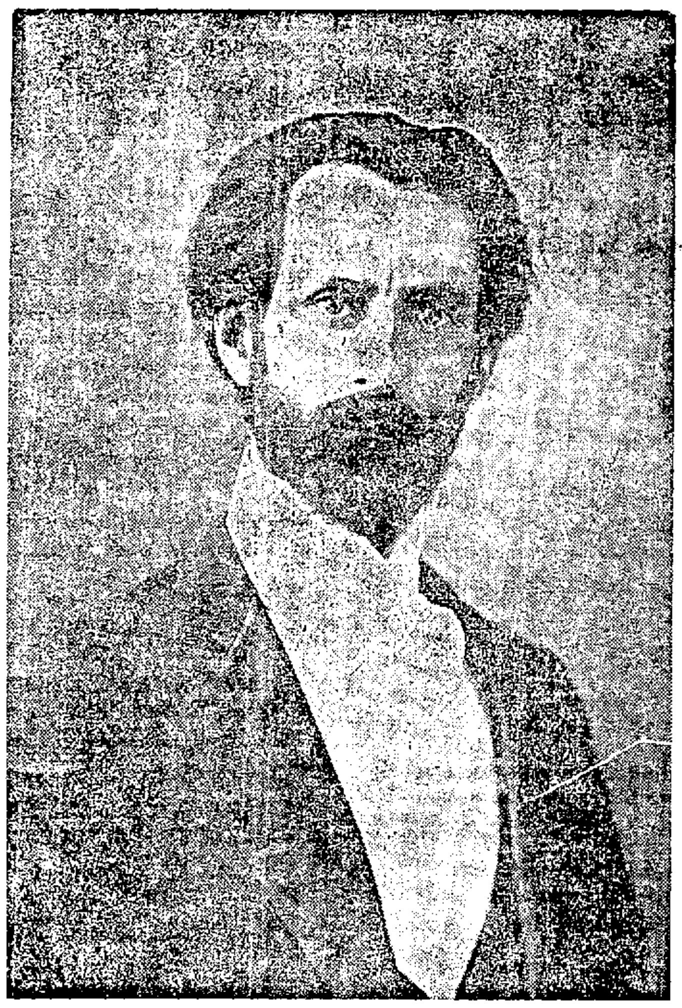
Macfarlane, pastor of the First Christian Church, and known as the "fighting parson" of Alameda. The series is to commence next Sunday evening. CHORAL SINGING PLEASES AT BERKELEY C. E. MEETING



PROFESSOR CARL SAWVELL.

Professor Sawvell Leads One Hundred and Fifty Voices in Song.

BERKELEY, July 6.—The feature of the evening meeting of the Christian Endeavor Society's State Convention held last night in Harmon Gymnasium on the University of California campus was the singing of the choral led by Professor Carl Sawvell. The magnificent chorus of one hundred and fifty voices filled the building and called forth the applause of the gathering. The rendering of the "vesper hymn" was especially well received. The voices of the chorus were as one and were in perfect time and measure. Professor Carl Sawvell showed himself to be a natural leader in the way he handled the singers and the training he has given them in order to prepare his singers for the meeting of the convention.

The hall was well filled last night. Scarcely a vacant chair in the immense auditorium could be seen. The program was well arranged and was carried out with clock like regularity.

The decorations were simple yet very effective. The large "C. E." set in electric lights was especially commendable. Banners and pennants of the visitors were arranged about the galleries and added beauty to the scene.

LED EXERCISES.

In the absence of A. E. Hughill, president of the Alameda County Union, G. A. White, ex-state president, led the devotional exercises. He spoke in part:

"Dear Friends, I want to congratulate you on the spirit manifested in this convention. The spirit of this convention has one of sacrifice, of harmony, and regard for others. I was impressed last evening by the remarks of the several speakers when they impressed upon us the necessity of praying and taking to heart the motto of the convention 'Thy Kingdom Come.' I suggest that our motto for this be 'Teach me to know Thy Will, Oh Lord.'

Let each one of us this evening lift our hearts to God and ask Him to give us strength and power to do that which has been devised for us. As we sit here tonight let us each one of us offer up a petition asking God to help us to know his will and to remember the motto of this evening. 'Teach me to know Thy Will, O Lord.' Let us play."

CHORUS EXCELLENT.

The next number on the program was a number by the convention chorus under the leadership of Professor Carl Sawvell. The number rendered was the "Vesper Hymn." The work of the chorus on the whole was excellent and it is one of the pleasant features of the convention. Professor Carl Sawvell was assisted in the music by Miss Francis Willis, Miss Ruby A Moore, and Mrs. Ashman, as accompanists, who have volunteered their services to help the State convention.

Owing to the absence of Rev. George C. Adams of San Francisco, who was scheduled to give the address, the Rev. W. K. Guthrie of the First Presbyterian Church of San Francisco, addressed the convention of Endeavorers on "Our Equipment." His address was in part as follows:

"Fellow Endeavorers, I only come here as a stop gap. I was just starting out on a Fourth of July picnic when I received a letter from your worthy president asking me to help him out of this difficulty. The picnic was an unique one, the members of the party consisting of my wife, my seven year old boy and myself. My little boy has recently become enthusiastic over fishing and I promised him that on the first holiday we would go off to a creek and he and I would fish together. So yesterday we took advantage of the holiday and went to a canyon. My son in true sportsman fashion was armed with a pole and had a bent pin for a hook. After sitting on the bank patiently for a half hour he landed a little trout two inches long, and he rushed to me full of joy to show me what he had caught. He will never forget that day—the catching of his first fish. It will be an event in his life which he will remember long after the remembrances of the earthquake are passed away. You may allow your boys to be taught Greek and Latin by teachers, but I tell you to teach them yourselves how to throw their first baseball and how to catch their first fish. Parents, know your sons in their sports.

"What is our equipment as workmen to bring about the kingdom of God? First, personality is the most important thing in our work. By personality I mean character and training. If you have the qualities for success no matter what you take up, whether it is medicine, the ministry or whatever it may be, you are bound to win.

"READ YOUR BIBLE."

"So in the Lord's work. In building up His kingdom these inherent qualities for success are necessary. This quality is not necessarily hereditary. All women are not born beautiful. But it is not beauty alone that counts. It is one of the worst things for the young girl to learn, either from a mirror or through her friends, that she is pretty. If we realize our weaknesses and make endeavors to improve ourselves we will be able to attain many things which we otherwise would not. Do we realize the value of an attractive personality—a made personality in the Lord's work? What thing is there that the world needs more than earnestness in our spiritual as well as in our secular work? The first thing we must do then, if we expect to win others, is to prepare ourselves to improve our personalities, to improve ourselves for further success. It is the little things that count. Now when you return to your homes try and find something in your local societies that you can improve. Try and win one member of your town to Christianity. Do not expect to win your whole town in a year.

"Another point of equipment is the use of your Bibles. Many people think that the old attitude toward the Bible has been blotted out by the severe criticism it has undergone of late. I do not think so. The Bible is read more today than ever before and in a much more intelligent way. I want you to read your Bibles. I do not say study them. Do not pick out a little passage and study it, but read it as a whole. Read a book at a time. Become acquainted with the beautiful stories of the old testament so that you can make use of them in your practical life. So in your equipment besides personality equip yourselves with the fact of Christianity. What is the Bible sometimes called? It is called the sword of the spirit. Why let our swords lie on the table and rust as they do in many households?

"Another factor of our equipment is the church. What are we doing for our church? One complaint that I have to make of the Christian Endeavorers is that many of the men work along as good active members until a certain age and then they seem to fade away and drop out. What about the church? Do we realize the value to the world? Do we realize that it was founded by Jesus Christ? Do we not look upon it as a burden that we must support? All of you belong to some denomination. Do you know the history of your church? If not it is your duty to examine into it. Don't belong to a church unless you have a reason for belonging. I have no use for the man who says that he likes all the churches and joins none. He has no place in this world or any other world. When you have decided upon your church be loyal to it; be loyal to your pastor; and be true to your convictions.

"So let me emphasize these three equipments again. First, personality; second, read your Bible and become acquainted with the facts of Christianity; lastly, decide upon your church and be loyal to it, so that in the end you may have abundance in that kingdom when the call comes to you."

REQUIRED REGISTER.

W. N. Jenkins made the announcement that all delegates of Alameda county are requested to register. Mr. Shaw said that at 5 o'clock this afternoon the California Veteran Union will hold an informal dinner in Co-ed Canyon. All who have been members of the Christian Endeavor for ten years or any members who hold state or local offices are eligible to membership.

The announcement was made of a baseball game that will be held on the campus between the delegates from the north and the delegates from the south.

A song led by the convention chorus "Fling Out the Banner," was sung by the Endeavorers.

The Rev. A. S. Phelps of the Central Baptist Church of Los Angeles then made an address on "Our Service." His address was as follows:

"The glory of young life is its ambition and I see a bright future in this audience. An Eastern paper says that a man in his life has seven periods of ambition. At the age of five he wants to be a street car conductor; at the age of ten a policeman; at the age of fifteen to be strong enough to lick his teacher; at the age of twenty to be a professional baseball player; at the age of twenty-five to be president of the United States; at the age of thirty to make a living well enough to keep out of the poorhouse.

"One thing I think and that is there are no cranks in this Christian Endeavor convention. And that is one thing I like about the Christian Endeavor society. There is nothing worse than a crank in religion.

"READ GOOD BOOKS."

"The things which we must consider in our spiritual life are the servant and his services. We are given our bodies and it is our duty to keep them in shape that they may perform the spiritual work to the best advantage. Nothing is more pathetic than a broken down body caused by neglect and abuse. A strong body and a well trained mind are good tools for a Christian to work with. You should all seek a college education. Go through college if you can even if you are twenty-five, and thus equip yourselves to do the work of life in a better and nobler fashion. Cultivate the habit of reading good books. It is just as easy to read Shakespeare as it is to read newstand trash. Let your life be filled with the spirit of activity. You are not in much danger of hurting yourselves with overwork; it is worry that does the damage. The greatest curse that the young men can have is the habit of idleness. I would rather have my son drink and steal than be lazy because religion can cure these but God or man cannot cure laziness.

"The place for us to be active is in the Lord's work. The virtues that count in this world are hard work and earnestness. Each man should be called to his work. We have a divine calling in our secular work; in the duties of the household; and in every day life as well as in the ministry. In all your work you should consider that you are doing the work of your Master."

The next number on the program was a song by the First Baptist Quartet composed of Norman Pendleton, H. B. Lyon, W. Burkhalter and D. Brown. They were very heartily received and vigorously applauded.

The evening session closed with the consecration services led by Rev. E. S. Eastman of Berkeley.

ADVERTISING IS DEFERRED

Will Be Given to the Reporter When It Has Legal Standing.

BERKELEY, July 6.—The matter of city advertising received attention last evening at the meeting of the North Berkeley Improvement Club. It having been brought to notice that the Gazette's bid for the ensuing year is nearly twice that of the Reporter, and that there is doubt of the constitutionality of the law under which the contract is to be awarded, it was declared by several speakers that the plain duty of the Trustees is to defer the award of the contract until such time as there can be no question of the Reporter's right to compete for the business. The matter has already been deferred until the Town Attorney shall advise the Board regarding his opinion of the case. A little longer delay will remove all doubt, as soon as the Reporter will have passed its first anniversary, and the fact that it has not acquired the legal age can no longer be urged against it.

The following resolution was offered by Mr. E. J. Martin, and carried without a vote or a voice in opposition:

"Resolved, That it is the sense of the North Berkeley Improvement Club that the Town Trustees should save money for the municipal government and for the individual taxpayers who will be required to pay for advertising under the town ordinance, by making the award of contract to the lowest bidder, if possible."

This will easily be possible, for the Reporter will soon have reached its first anniversary, and its bid will stand.

The adoption of the suggestion thus urged by the North Berkeley Club will save the city about fifty per cent of its printing bills, and save fifty per cent of the money that individuals will have to pay who are called upon to advertise or to pay advertising under any provisions of the town ordinances.

In the speeches made in favor of the resolution by Mr. Martin, Mr. Florence and others, there was no suggestion of partisanship, or of favor to either paper. There was simply the sentiment that neither the town nor any of its residents should be overcharged. "It's purely a business matter," said President Robertson. "I believe that town business should be conducted on the same principles as private business."

OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming chronic, it should arouse suspicion, because many of these places lead to Cancer. It may appear as an ordinary sore at first, and is given treatment as such, with some simple salve, wash or plaster, with the hope that the place will heal, but the real seat of the trouble is in the blood and cannot be reached by external remedies, and soon the sore will return. After awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with Cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non-healing ulcers and sores is the remains of some constitutional disease or the effects of a long spell of sickness. S. S. S. goes down to the very root of the trouble and cures so thoroughly that there is never any sign of the trouble in after years. As soon as the system gets under the influence of S. S. S. the place begins to improve, the discharge gradually grows less, the inflammation leaves, the flesh resumes its healthy color, and soon the sore is well, because every vestige of the cause has been removed from the blood. Book on sores and ulcers and medical advice without charge.

I was suffering greatly from a cancerous ulcer on my left breast, which had begun to eat, and at times would discharge very offensive matter. I knew the trouble was hereditary as an only sister, my mother and two of her sisters died of Cancer. I am fully satisfied I would have gone the same way but for S. S. S., which cured me.

THE OSGOOD WAY

It is a way of our own—the Osgood way of doing business

During the past three months merchants were faced with the temptation of putting up the prices of their goods.

In many lines, especially in the drug business, the demand was greater than the local supply. People not only wanted things, but they needed them. At such a time it is easy for a merchant to "gouge." But that is not our way. We have been in business in Oakland for nearly twenty years and we can look back with pleasure on the fact that we have nothing to apologize for. On the contrary, we can look every one of our tens of thousands of customers in the face, knowing that every transaction to which we have been a party has been perfectly straight.

If anything, since April 18th, we have cut our prices a little deeper than usual, at all events from what we are told every day, we cut deeper than many of our competitors.

And we are going to keep on in the same old way—the Osgood way; cutting prices, making friends and helping to build up and maintain the highest standard of commercial reputation for Oakland.

RUBBER GOODS

You all know there is a Rubber Trust and that it puts prices away up to the top notch. But the Rubber Trust does not own all the rubber factories in the world—not by a long sight. We don't deal with the Trust; but no matter how much manufacturers may charge, we are at liberty to put our own prices on our goods.

And this we do and it is a lower price than is maintained by most stores.

At Osgoods' there is a special Rubber Goods Department. It is confined in a parlor all to itself and ladies find it most convenient and agreeable. There are improvements in Rubber Goods almost daily, and you can depend on coming to Osgoods' and finding everything in this line strictly up-to-date and at anti-trust prices.

OSGOODS' CIGARAGES

—There's one in each of our stores,

It's easy to take a lot of inferior cigars, give them fancy names, tell the public that they are the regular 12 1-2c grades and sizes and sell them for a dime. There's a lot of money in such business.

But we don't do that. All the world knows that Sanchez & Haya, Belmont, Americans, Sinceridads, Optimos, Palencias, etc., are genuine 12 1-2c cigars.

And these are the kind that we sell for 10c. When you buy here, you know that you are saving twenty per cent. of your cigar money. When you buy cigars with fancy, unheard-of names, you don't know what you are getting.

And at the Osgood Cigarages business is business. There's no gambling. You don't put four-bits in the nickel-in-the-slot machine and receive a "reward" of a couple of cigars of doubtful value or nothing.

If you invest four-bits at the Osgoods' Cigarages, you get five genuine 12 1-2c cigars, nothing more, nothing less. [illegible]

It is not established whether the explosion was caused by the bomb-makers inside, or whether the kiln was exploded from a distance.

NEW HALL FOR CITY

The Board of Supervisors Accept Property for Temporary Use.

SAN FRANCISCO, July 6.—Acting on the suggestion of Mayor Schmitz, the board of supervisors has accepted an offer made by Andrew McCreery for the use of a lot 275 feet by 275 feet at Eighth and Mission streets, and will immediately build a two-story frame building that will constitute a temporary city hall.

The building will cost $150,000, and work will proceed immediately.

City Architect Shea has drawn up plans, and all departments save the police and attendant courts will be housed under one roof.

It was stated by Mayor Schmitz that Andrew McCreery would give the lot rent free with the understanding that the city would pay the taxes for a period of three years.

The accepted site is about a block distant from the ruined city hall.

SERIOUS CHARGE

Warren's Profession," in this city, during the last theatrical season was not a violation of the penal code, according to a decision handed down by the justices of the court of special sessions today. The two defendants are acquitted by the decision announced today.

REPLY TO TAGGART

Prosecutor Says the Suits Against the Gamblers Were Only Fakes.

PAOLI, Ind., July 6.—Charles Miller, Attorney-General of Indiana, who is personally conducting the litigation on behalf of the state against the French Lick Springs and West Baden Hotel companies, in discussing the statements made by Thomas Taggart, to the effect that the casinos were not a part of the hotel properties, but were under lease to third parties and suits were pending to cancel these leases because the hotel companies had learned that gambling was being conducted at the casinos, said today:

QUEER CASE.

"There are some peculiar features about these two 'pending' suits to cancel the leases. Why were they brought in a justice of the peace court at 7 o'clock at night and tried with great effort and secrecy and then as quietly apealed to the circuit court where they have remained cooped up and unknown?

STRANGE APPEAL.

"They were brought to meet exactly such a contingency as this and to be dragged up, each used as a 'defense' when needed. The leases were made March 19, the suits were brought April 11, the hearing was at night—a most unusual procedure—and the appeal from the finding of the local justice to the circuit court was made June 15, and all was so quietly done that few seemed to know that any such action had ever been instituted.

GAMBLING CASES.

"But the State is under obligations to the hotel companies for these official records, for in their complaints the hotel company has set up ownership to the property and base their petition on the ground that the people operating the casinos have been using them for gambling purposes. Here we have the admission of gambling. In all other respects the suits for possession are jokes—as I characterized them in the court yesterday."

WILL HAVE CHARGE OF OWNERS RIVER PROJECT

LOS ANGELES, July 6.—Joseph B. Lippincott, who resigned July 1 last as head of the government reclamation service on the Pacific Coast, has been employed by the board of public works as supervising engineer for the Owens river project. It is understood his salary will be $6000 a year.

GIVEN TEN YEARS IN THE PENITENTIARY

SAN JOSE, July 6.—Harry Kramer, who several months ago shot George Douglas, inflicting almost a fatal wound, when caught in the act of burglarizing Douglas' house, on the Alameda, was sentenced today to only ten years in San Quentin by Judge Welch, and the charge of assault to murder against him was dismissed.

SENATOR PERKINS SAYS FORAKER IS GOOD MAN FOR THE HIGH OFFICE

Senator Declares That He Will Not Take Part in the Gubernatorial Contest--He Talks About the Trusts and the Rate Bill.

Senator George C. Perkins, who returned from his arduous labors at the national capital the night before last, is in the enjoyment of excellent health.

THE PRESIDENT.

In conversation with a TRIBUNE reporter this morning the senator discussed a number of subjects of general interest. On the subject of the president, Senator Perkins said:

"The president's patriotism and integrity are beyond question. He is an enthusiast in whatever he believes to be right and goes ahead, some people think, without much diplomacy. There is no doubt that his administration is a success. He has the heart of the people.

"His has been a healthy administration. It has been healthy for the prosperity, growth and development of the country.

"Some critics say that he tries to run the legislative as well as the executive department of the government. But the constitution stands in the way of that, and when there is any suspicion that he underestimates the fundamental limitation the members of congress sit down on him, and justly so, when a dangerous precedent might be established.

STOOD BY HIM.

"I have stood by him in a number of cases and especially on the Isthmian canal question, and on the question of the canal locks. He wanted me to stand with him on the question of the admission of Arizona and New Mexico, but I told him I could not do it. I said to him, 'You are wrong in this matter and I cannot be with you.'

"I am, at the same time, a devoted admirer of the president, because he is really a great man. My relations with him are personally most cordial, agreeable and friendly. I was very favorably impressed with the manner in which he stood, in the late trouble, for California and how he encouraged almost every request we made in Washington for this state.

NOT A CANDIDATE.

"I think President Roosevelt will not be a candidate for re-election. He has said he would not, and, while some of his critics say that he is playing his cards along that line, I really do not think he will be a candidate.

THE PRESIDENCY.

"I am also friendly with Vice-President Fairbanks, who is scholarly and polished. But I am more friendly to Senator Foraker. He is a man of ability, a man with the courage of his convictions. Root is not so popular as Foraker. Foraker would beat Taft in his own state. Taft is going on the supreme bench. I differed some times with Mr. Foraker, his stand on the Philippine tariff, for instance. But, at the same time, I had admiration for him and for his integrity. He is a pure man, and at the same time a great lawyer. All that I can say for Taft, Root and Fairbanks, I can much more heartily say for Foraker."

GUBERNATORIAL FIGHT.

As regards the gubernatorial fight in this state and the stand he will take in the premises, Senator Perkins said:

"Governor Pardee is a neighbor of mine. I am an admirer of him, first of all, because he is a resident of Alameda county. That should cover a multitude of sins if there were any sins. My personal relations with him are very friendly. I think he has made a first-class governor. But I was so engrossed in the work at Congress that I really paid little attention to the gubernatorial campaign, perhaps to not know even the name of all the candidates. I was inclined to think that the time for the nomination would not be at hand until next year. Gillett has made a good Congressman. Mr. Porter, I have had satisfactory business deals with. Mr. Hayes I know very well. There may be some other candidates whom I do not know.

"I want to say right here that I do not want to use any influence in this matter. I do not want it to be said that a senator of the United States, by reason of his influence is using his position to advance his friends or punish his enemies.

"Whoever gets the Republican nomination for governor of this state, I will support and support heartily.

ATTENDED NO CONVENTIONS.

"I have always declined to attend state conventions or national conventions since I have been elected to congress. I have done this consistently, because I felt that the honor of election to my position was a real honor and was enough for me, without attempting to usurp honors which might be appreciated and conferred upon others; although I was nominated and elected as a delegate to the national convention. I feel that if I do my duty in my present position, both to the Republican party and to the state of California, that is honor enough for any one man.

SENATOR FLINT.

"Senator Flint, who is now serving his first term in the upper house, has made many friends, both in congress and out. He is a man of great ability. He is free and energetic and a man of great force of character. He is making a creditable representative for the state of California.

CONGRESSMAN KNOWLAND.

"All that I can say with regard to Senator Flint, I can also say with respect to Congressman Knowland. He is a bright young man, is popular, has an easy way of making friends, is welcomed everywhere, and is making a reputation for himself. We all worked together in harmony for the best interests of our party and the state of California.

WORK FOR CALIFORNIA.

"Never in the history of national legislation has there been so much done for California as has been accomplished at the session just closed. This work was not represented alone in the many appropriations which were made for this state, but also in the number of bills which have been passed for the benefit of California.

THE RATE BILL.

"The rate bill which has been passed is, a compromise measure. Usually when a subject is opened one side is naturally selfish or exacting, and the other side is exacting or selfish. At length one yields a little and then the other side yields, and the result is that something has been accomplished. Such is the bill now in effect. I think that our amendments to the bill will be productive of a great deal of good to the state of California. It increases the tribunal from five to seven members. If a shipper has a grievance against the railroad company, or if the railroad company feels itself aggrieved, they can bring their cases and have them heard before this tribunal. The effect of this law, in this respect, will be that the corporations will be brought closer to the common people. We have a representative on this tribunal now. This is something which we never had before, the nearest representative being from near the Missouri river. I think the people and the railroads should be congratulated, because it means the bringing of both of them together for the mutual benefit of both. The railroad interests are California's interests, and California's interests are the railroad's. Why should we not join together for mutual benefit? The railroad tends to develop the interests of the state by sending the products of the soil to the market, which inures to the advantage of both the producer and the consumer.

THE TRUSTS.

"Secretary Moody has shown not alone by his declarations, as the political platforms have it, but also by his acts, that there can be no combination of capital against the common people that he will not attack. He told me before leaving that any combination in restraint of trade should fel the effect of a law while the law was on the statute book. His feeling and that of the President is that the law now in the books is sufficient to dissolve any trust combination which may be formed in restraint of trade.

THE DEMOCRATS.

"I think the Democrats are going to nominate Bryan. If they should nominate Governor Francis of Missouri, who has performed many services for his party in earlier days and who was president of the exposition at St. Louis, a man of firm character and rare executive ability, they would be making it pretty warm for us anyway. I should naturally hope that if a Californian were to be selected for that nomination Mr. Hearst should be the man. Mr. Hearst, in acting as he did for California during the late trouble, showed that his heart is in his native state. I feel personally friendly to him in a special manner because of what he has done for the University of California. He has shown liberality, enterprise and public spirit which are to be commended. Mr. Hearst has shown by measures which he has advocated, both here and in New York, that he is a man of considerable power and that he has exercised that for the benefit of this state.

DIVISION HEADQUARTERS.

"There is no one act which could have been performed by the California delegations in congress which would do so much to benefit this state as the location here of the military headquarters of the division for which a million and a quarter dollars have been appropriated and which are to be established at Fort Mason. That means that those headquarters shall be located here for all time and it means the distribution of supplies and the retention of the transports at this point. From this place the supplies will be forwarded to the Philippines, to Alaska and to the Hawaiian islands. A strong effort was made to bring that building to Puget Sound. So. I say, there is no one thing done that we could do, which will confer a greater benefit upon San Francisco. Oakland, the state of California, than the establishment of the headquarters of this division.

PURE FOOD.

"Among the measures of a beneficial character, which congress has passed, I may mention also, the pure food bill. This will be of very great benefit to California because they have been putting up goods in the east with California labels that never saw California. They have been selling California olive oil which has been proven to have been nothing but cotton seed oil with the California label. They have been selling asparagus, which they claimed has come from this state, and which was in reality produced over in New Jersey. These are only a few samples of the impositions practiced and which I firmly believe this bill will tend to put an end to."

SHARK THAT WEIGHS OVER THREE TONS

REDONDO, July 6.—A monster shark, measuring thirty feet in length and weighing 6000 pounds, became entangled in the net of fishermen set four miles off shore at Playa del Rey last night, and in struggling to free itself was killed. The fish was towed ashore by a launch this morning and lifted onto the beach by means of a derrick.

KAISER WILLIAM ORDERS ALL INSURANCE SETTLED

Tells the German Companies They Must Pay San Francisco Losses in Full.

SAN FRANCISCO, July 6.—"German insurance companies will pay in full." Such is the statementof F. Bopp, German Consul, temporarily located in this city, who recently returned from Germany, where he investigated the standing of the companies doing buisness on this coast.

"I am in a position to know that the German insurance companies will pay dollar for dollar," said the Consul today, "and I wish to advise all persons doing business with a German company not to accept a compromise. None of the German companies wish to be classed with the 'six-bit' concerns. My knowledge on this point is absolute. Money to pay off every claim is on hand and it will be a matter of but a few days when it will arrive."

Mr. Bopp has just concluded an exhaustive investigation of conditions in San Francisco, the results of which he has sent off to his government. While making no recommendations to the home office, the tenor of the report is unmistakably in favor of the insurance companies carrying out their obligations.

The Consul would not commit himself on the attitude of Emperor William towards those companies that showed a tendency to shave their claims. The general implication of his remarks, however, were to the effect that the Emperor had practically ordered the companies to settle on a dollar for dollar basis.

EMPEROR TO PROFIT

Wants Trouble in Russia to Continue for His Own Benefit.

ST. PETERSBURG, July 6.—The Rech today discussing the efforts made in the British House of Commons to induce the Government of Great Britain not to send a fleet to Cronstadt says:

"Whether the fleet comes or does not come, the sympathy of England and the Engilsh with the struggle of the Russian Democracy for constitutional institutions is already proved. The same is true of France. As regards Germany, she is the sole supporter of the regime in Russia. Emperor William prefers to maintain the sources of weakness of the Russian State in order to profit thereby. But Emperor Nicholas should remember the danger of outside influence. It was the Duke of Brunswick's threat to destroy Paris if King Louis was harmed which forfeited the King's head."

CHAS. JOHNS' FUNERAL HELD THIS AFTERNOON

The funeral of Charles T. Johns, a well-known attorney of this city, who died on July 3, at his home, 1205 Seventh avenue, East Oakland, was held at 2:30 p. m. today from Taylor's undertaking parlors. The services were conducted by Frank Wyman, Noble Grand of Harbor, Lodge, I. O. O. F. The music was furnished by the Masonic Quartet under the direction of Alfred Wilkie. The following numbers were rendered: "Eternal Goodness," "Fallen Asleep," "Still, Still in Thee," and "Farewell."

Interment was at Mountain View Cemetery.

The members of Pacific Lodge, A. O. U. W., of which deceased was also a member, were present

TO CLOSE SALOONS

Good Government Club to Make Campaign in Berkeley.

BERKELEY, July 6.—The Good Government Club of Berkeley has adopted the slogan "the saloons of Berkeley must go," and at a meeting next Tuesday in the Chamber of Commerce rooms they will start a movement to drive out all the liquor houses in West Berkeley. The club plans to close every one of the nine saloons of that portion of Berkeley before the first of the year.

As the club is composed of the best and most influential citizens of Berkeley, they will appeal to the better element of the town to co-operate with them in the anti-saloon movement. If this does not succeed, they will ask the Town Trustees to take the matter up, on the grounds that Berkeley is a temperate city.

Captain E. J. Martin is president of the new organization and E. E. Osborn is secretary. The club is without a written constitution, and its expenses are met by contributions of its members.

"GLORIOUS" DAY CLAIMS ITS VICTIMS

CHICAGO, July 6.—Fifty-one lives thrown away and 3551 celebrants maimed or injured, some of them fatally, is the record of this year's "Glorious" Fourth, as compiled by correspondents of the Tribune up to an early hour today.

The loss of life almost equals that of last year, when fifty-nine persons were killed, while every record for the number of injured was broken. Almost one thousand were in hospitals yesterday or swathed in bandages than on the day following the holiday last year.

That the death list will continue to grow for several days is indicated by a large number of dispatches recording injuries believed to be fatal. The deadly toy pistol was responsible for a big percentage of the injuries and six of the dead. How many of the injured are infected with the germs of tetanus cannot be estimated.

PET SPANIEL RESCUES GIRL

Little Daughter of Berkeley Man Saved by Faithful Animal.

BERKELEY, July 6.—A message received here today by friends of J. D. Waterman, the well known club man and realty dealer of Berkeley, tells of the wonderful escape from drowing of Waterman's twelve-year-old daughter. Wilda, who was rescued by a pet-dog when sinking for the last time in the creek at Burke's sanitarium in Sonoma county, where the family is visiting. The child had been wading in the creek with a number of little playmates when she ventured into deep water and was swept into a pool by the force of the stream. When finally rescued by a pet spaniel it required two hours of constant work by physicians to restore her.

WILL MEET TO DISCUSS BUILDING

BERKELEY, July 6.—A circular letter has been issued at the university by Charles Derleth Jr., of the university, professor of structural engineering, dealing with the organization of the Structural Association of San Francisco, of which Professor Derleth is secretary. The association has been organized for the purpose of investigation and discussion of earthquake and fire phenomena, and the formulation of conclusions as to the manner in which the best type of building construction should be modified to conform to the conditions observed.

The association numbers among its members many of the most prominent engineers and architects of the state, and also some of the large building contractors and others who are interested in or have knowledge of the subjects considered. A permanent organization has been made and the following officers elected: President, C. B. Wing of Stanford university; first vice-president, W. J. Miller of San Francisco; second vice-president, Lewis A. Hicks of San Francisco; third vice-president, Loren E. Hunt of the University of California and secretary-treasurer, Charles Derleth Jr., of the University of California.

The association will hold a regular meeting in the ferry building in San Francisco every Thursday evening, for the purpose of discussing the plans and investigations. It is designed particularly to solve structural problems in connection with the rebuilding of San Francisco, and in that capacity is expected to be of great benefit.

GIVES LAWN PARTY AT HER HOME

ALAMEDA, July 6.—A delightful lawn party was given on the evening of the Fourth of July at the homes of Mrs. Gingles and Mrs. Kelly on Pearl street. Chinese lanterns adorned the lawns and the scene was an effective one.

Those present compose a club known as the "23 8." Those present at the affair were Mrs. Gingles, Mrs. Kelly, Mr. and Mrs. Hoar, Mr. and Mrs. Langer, Mr. and Mrs. Hoar, Mr. and Mrs. Vaughn, Miss Elizabeth Kelly, Mr. George Monck, Miss May Gingles, Mr. Oscar Lowry, Miss Agnes Kelly, Mr. Max Francks, Miss Laura Gingles, Miss Margaret Kelly, Mr. J. Waltz, Mr. William and James D. Kelly.

OWNERS OF DOGS ARE SLOW WITH LICENSES

BERKELEY, July 6.—Although the dog licenses of the city are now due and payable, the untagged canines are allowed a reprieve until the 16th of the month. These extra days have been added for the purpose of allowing the owners an opportunity to secure the necessary brass tags for their animals.

Poundmaster Rogers says that he will start a busy campaign if the owners of the dogs do not in the next few days provide the tags for their dogs as required by the town ordinance.

FORTUNE AT HER OWN DISPOSAL.

An American Girl Weds a French Count and Will Retain Her Property.

In private letters received from Paris an interesting engagement was announced Monday, that of Miss Katherine Esther Garrison, youngest daughter of the late William R. Garrison of this city, to Count Francis de Casteja of Paris.

Miss Garrison and her mother have been livin in Paris for nearly ten years and are at 45 Avenue Marceau. Both of Miss Garrison's sisters marrier foreigners. One is the Countess Gaston Chandon de Briailles and the other, who married the Honorable Charles Maule Ramsay, a son of the Earl of Dalhousie, died two years ago. As the Misses Garrison they were great belles in this city.

Miss Garrison's fiance is the son of the Marquis and Marquise de Casteja, who belong to an old French family. He is half Anglo-Saxon and quite English in his tastes, having passed a good part of his life in England, where his people have a large estate. He has a fortune in his own right, and it is interesting to note that Miss Garrison's fortune will be settled in her name and will be at her own disposal. The wedding will soon be celebrated in Paris.

Miss Garrison is a granddaughter of the late Commodore Cornelius Kingsland Garrison and a sister of William R. Garrison, who lives in Tuxedo. Her father was killed in a railroad accident in Elberon, N. J., more than twenty years ago.—New York Herald.

PUBLIC PLAYGROUND FOR ENCINAL CITY

ALAMEDA, July 6.—Interest in the proposal to have a public playground in this city is again being created and the Board of Education has put itself on record as being in favor of the proposition.

The educators have sent the following letter to the City Trustees, which was written before the earthquake, but which was lost in the shake-up for the time being:

"Alameda, April 17, 1906.

"To the Honorable, the Board of Trustees:

"Gentlemen: The urgent need of a public playground in the City of Alameda is so apparent and the subject has been given so much public prominence of late, that we beg leave to bring the matter to your official attention, with a view to your taking such action as will enable the municipality to acquire as speedily as possible such a place of recreation.

"The playground ought to be ample in size and should be equipped with the best modern appliances. It should likewise be adapted to the use of both adults and children and should be under municipal surpervision.

"We sincerely trust that you will give your best thought and judgment to this important subject.

ITS MERIT IS PROVED

RECORD OF A GREAT MEDICINE

A Prominent Cincinnati Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cured Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America is attracting the attention of many of our leading scientists, and thinking people generally.

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound must be a remedy of great merit, otherwise it could not produce such marvelous results among sick and ailing women.

Dear Mrs. Pinkham:—

"About nine months ago I was a great sufferer with female trouble, which caused me severe pain, extreme nervousness and frequent headaches, from which the doctor failed to relieve me. I tried Lydia E. Pinkham's Vegetable Compound, and within a short time felt better, and after taking five bottles of it I was entirely cured. I therefore heartily recommend your Compound as a splendid female tonic. It makes the monthly periods regular and without pain, and what a blessing it is to find such a remedy after so many doctors fail to help you. I am pleased to recommend it to all suffering women."—Mrs. Sara Wilson, 31 East 3d Street, Cincinnati, Ohio.

If you have suppressed or painful periods, weakness of the stomach, indigestion, bloating, pelvic catarrh, nervous prostration, dizziness, faintness, "don't-care" and "want-to-be-left-alone" feeling, excitability, backache or the blues, these are sure indications of female weakness, or some derangement of the organs. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.

EMERYVILLE MAN AT DENVER RACE COURSE

Lee Demier Tells of the Winners and Losers at the Meeting in Colorado.

By Lee Demier.

DENVER, Col., July 6.—I send you the latest racing news from here.

This week will mark the closing of a successful running and trotting meeting at Overland Park. Fourteen pencilers had all they could do to handle the money that was showered at them. California horses carried off the honors by winning the majority of the races. Many of the horsemen here will ship their horses to Butte, Montana.

Next week the city of Denver will be given over to the Benevolent Order of Elks, who will hold a monster convention and carnival.

Actor-pugilist-orator Jimmy Britt was the center of attraction at Overland Park Saturday, but Jimmy's money failed to find the betting ring.

Owner and Trainer "Doc" Rowell and his following took a bunch of the long green out of the ring the other day on the win of My Order and Meltor.

Jockey Jim Bozeman says he will "hike" back to Emeryville after the meeting "blows."

The majority of the horsemen here will ship to Butte, Montana.

Bookmaker Johnny Humphrey is holding his own with the wise set. Dick Hovey keeps him in line as to what is doing in the ring.

Jockey Bullman rode the race of his life on Jack Gilroy, which won the Bennett-Myers stake Saturday.

Owner Slim McNamara wants his Emeryville friends to know that he cleaned up on Buckster Hodi the other day.

The feature of the betting ring at Overland Park is the copper-riveted prices handed out by the pencilers.

Steve Judge is getting Theo Case ready for the Seattle Derby. He will ship for that place Sunday.

Clocker Stump Golding will report to Trainer Fine at Seattle after the races here.

A majority of the bookmakers who are doing business at Overland Park informed me that they will be on hand when the bell rings at Emeryville.

Among the San Francisco bookies who are ahead of the game here is Tom Wand. He recently made a clean-up on My Order and Easy Street.

From a betting standpoint the game was never better at Overland Park.

Owner Zeke Abrams and his friends took some solid amount out of the ring when Supreme Court made good the other day.

Ed Gaylord, the Denver sporting man, bet $2000 on Rubric the other day. He kept his tickets.

Maxette, which was plunged on heavily to take the closing race Saturday by the California crowd, was a sad disappointment.

Trainer and Owner Maxwell will at the end of the meeting travel by wagon through the Colorado mountains. His wife will accompany him.

"Kid" Frank Harris, a well-known Oakland turfter, made a good haul on the win of Buckster Hodi the other day.

Horsemen at Overland Park were glad to hear that Dick Hovey was awarded the position of starter for the Butte meeting.

Fourteen pencilers cut in on Saturday. While the ring is an open one, the odds that appear on the slates are of a syndicate affair.

Starter Ed Tribe's work with the barrier is the best seen here in years. This young man is fast coming to the front.

The Brighton Club, which is composed of Frank Bain, Zeke Abrams, Tom Wand, Johnny Gallardo, is about $10,000 winner.

A majority of the horsemen who are now racing at Overland Park are complaining of the mistreatment received at the hands of the present management. They say the club cut down the purses and that the races are not run according to the program.

The San Francisco fire-fighters and "coppers" delivered about as good an article of baseball as any of the professional teams which appeared in Denver. They made the Denver blue jackets look cheap when they took their measure in easy fashion last Sunday.

Jockey Frankie Sullivan left for Seattle yesterday. He will ride Theo. Case in the Seattle Derby.

Author Harrison will take his old campaigner, Dan Collins, to Butte, Montana

Fred Koch, the Denver sporting man, will send a crew to Butte, Montana, to represent him in booking line.

About six of the bookmakers will try the game at Seattle after the close of the meeting here.

Bookmakers Frank Bain, Zeke Abrams, Tom Wand, will hang up their slate at Butte.

THREE-BAGGER WINS THE GAME

SEATTLE, July 6.—In the tenth inning of a game that was fought to the finish yesterday Mott got in a three-bagger for the first time in his career, and Seattle was put on the winning end by a score of 5 to 4.

With Russ Hall out of the game, owing to a collision with McLean at the plate, it looked like an easy victory for Portland, especially as they were hitting Vickers hard. A lucky batting streak in the seventh put Seattle one to the good. Portland then tied the score, and from then on to the end it was the hottest kind of a fight, with all kinds of ball being played.

TEN INNINGS TO WHIP FRESNO

LOS ANGELES, July 6.—In a ten-inning game yesterday Los Angeles made up for her defeat Wednesday by winning from Fresno with a score of 2 to 1. The local team made two errors and the visitors made none. A good crowd witnessed the game and intense excitement was evidenced.

HAD A DESPERATE AFFRAY.

RELIANCE CLUB TO HAVE JINKS

The Reliance Athletic Club continues to increase in membership and there is every evidence that the organization will soon be put to it to accommodate the crowd. But the more the merrier, as long as they are of the proper variety, is the motto of the club, and so every one is working to bring friends into the fold.

Superintendent Shirk, who recently returned from a fortnight in Southern California, has a number of new ideas for the future conduct of the club, which he absorbed while in the City of the Angels, and expects to see some of them in practice shortly.

The club is to hold a midsummer jinks in the near future and some novel features are being arranged. Next Wednesday night skating will be indulged in by the members and their feminine friends and relatives.

EWING LOOKS FOR REVIVAL IN SOUTH

SAN FRANCISCO, July 6.—J. Cal Ewing, teasurer of the Pacific Coast baseball league and part owner of the San Francisco club, returned yesterday from Los Angeles, where he has been for the last few days, in company with President Bert, straightening out matters in connection with the franchise of the southern city. Gill Mead, who has accepted the responsibility of providing salaries for the ball players who wear the Angels' uniform, was formerly connected with the Southern California league. Arrangements have been completed for a lease of Chutes Park for the remainder of the season. Ewing says:

"All signs point to a great revival of the national game in the south, and I have no hesitancy in predicting a banner year for the game in Los Angeles. I attended the games Wednesday and was surprised at the enthusiasm of the fans after the discouraging experiences of the team on the northern trip. That Los Angeles people want baseball and will patronize the game was quite evident yesterday, when all park records were broken for attendance at the afternoon game.

"The money which was promised by the eastern associations and clubs is now coming to hand. The contributions of the Cincinnati and Brooklyn clubs were received yesterday."

ELKS TO PLAY AT IDORA PARK

B. P. O. Elks and friends will have a big time tomorrow at Idora park, where, at 1.30 o'clock, the great game of the season will commence, the opposing teams being made up of members of Alameda lodge, No 1015, B. P. O. Elks, and Oakland Lodge, No. 171.

Alameda will line up with several well known players, captained by that old time California league favorite, "Billy" Hammond, who will catch the elusive "spit ball," as tossed up by the genial superintendent of schools of Alameda, Fred T. Moore. Brother Moore claims to have taught the great Chesbro the wet curve, and will no doubt send many an Oakland player to the bench. The balance of the team will be made up from the following list: Senator E. K. Taylor, Nat John, Fred Croll, Milo Heckox, J. T. Byrne, William Rogers, Judge Cone and Arthur Goldsworthy. They are full of confidence, and expect to put it all over the Oakland herd.

The antlered tribe from Oakland will have that great favorite and hustling ball player, William Dunleavy, on the receiving end, with George Blethen to hurl the floaters. Big Chief Lou Kennedy will look out for the initial bag, and that well known Stanford youngster, Charlie Watson, will be second. Beach Dean (the new benedict) has the shortstop territory to take care of, and our old friend, Brick Devereaux, is to shine at his old station. The outfield will be composed of Harry Platt, Bill Knightly and Fred Hooper. This bunch looks good enough for No. 171.

During the game, there are to be several base-running stunts, with the leading officers of the two lodges as participants. Exalted Rulers Harrison Clay of Oakland and J. L. Daniels of Alameda will be the first contestants, but chief interest seems to center on the race between leading Knights Dr. C. L. Tisdale and Senator E. K. Taylor. The doctor is a trifle overweight, but expects by constant training to get into first class condition.

Other features will be introduced, and, as Brother Cal Ewing has offered to donate the entire receipts of Oakland vs. San Francisco (Pacific Coast league) game, which takes place immediately at finish of Elks game, one regular price of admission will be charged for the two games.

MERCHANTS IN FIRST-CLASS FORM

The big game at Healdsburg Recreation park last Sunday between the crack Healdsburg nine and the Oakland Merchants resulted in a victory for the latter. Fast fielding and heavy sticking won the game for the Merchants. With Fleck, Gross, Adney, Schimpf, Peterson and Demon Miller playing the infield, it is almost impossible to lose. Buck Hughes, the old leaguer, who twirled for the Healdsburg nine, passed a bad hour and fifty minutes, as his offerings were swatted all over the field. O'Banion pitched a fair game for the Merchants, and was accorded gilt-edge support. Altonsen, the fast fielder, with the furniture man's suit, played a faultless game. Carl Woodecki, the fast little fielder from Alameda, is improving every day. His work in the field at Healdsburg Sunday branded him as one of the fielders in the amateur league. He was plying deep center Sunday when a hot liner came his way. He picked it up and drove it to first, stopping a man from scoring. Demon Miller caught one of the prettiest games of this season, receiving O'Banion's curves in big league style. Out of five times at bat Fleck got four pretty hits, one of which hits scored two runs in the third inning.

Schimpf, the pride of Fresno, was there with the willow, as usual, and slashed out four pretty hits. You may be sure there wasn't any errors around the second sack with Gross there. There is all kinds of credits coming to Adney, the fast third baseman. He handles the place in nice shape. They never try to steal around that sack. When they do they're out. He is too quick for them. Schimpf is playing good ball for the Merchants.

The manager was unable to be at the game Sunday, and all day he was anxiously awaiting the return of his pets with good news, and he wasn't disappointed, either. They have few open dates this season. Write at once for games to "Doc" Schuman, Oakland Merchants Baseball Club, 1269 Clay street.

A Modern Miracle.

"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. O. R. Hooper, Woodford, Tenn., "she was so wasted by coughing up pus from her lungs. Doctors declared her end so near that her family had watched by her bedside forty-eight hours; when, at my urgent request, Dr. King's New Discovery was given her, with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today." Guaranteed cure for coughs and colds. 50c and $1, at Osgood Bros., druggists, Seventh and Broadway and Twelfth and Washington. Trial bottle free.

HARBIN SPRINGS.

The Napa Brass and String Band has arrived at Harbin Springs, and as a result some pleasant music is to be heard at this popular resort every day.

HARD SWATTING IN SEVENTH WINS GAME

BRICK DEVEREAUX, THIRD BASEMAN FOR THE OAKLAND TEAM, WHO IS MAKING GOOD THIS SEASON.

The Oaks had the lead in the beginning of yesterday's game, and held it for six innings. But the Refugees swatted the ball hard in the seventh, and the four men they brought in doubled the home team's score.

In the first, with two men down, Kruger was safe on a fumble. Heitmuller swatted the sphere for half the route and Hackett duplicated Heine's performance, bringing the two ahead of him home. In their half of the second the Seals looked like winners for a minute. Williams singled and Sears hit for two bases. Then Cates walked Wilson. With three men on bases and none down, O'Brien sent his bat against the ball with a crack that made the basemen think of home runs. Like a flash every man had started for the next bag, but the ball drove directly at Cates' breast, and he held it despite its force. Turning quickly, he threw to third catching Williams before he could get back and completing a double. Spencer's single filled the bases again, and Wheeler succumbed and a great chance was gone.

Wilson started the seventh by getting in the way of a pitched ball. O'Brien struck out. Wilson was caught at second on Spencer's rap to Devereaux, and again two were gone. But Cates walked Wheeler and Mohler and then the trouble started. Hildebrand met the sphere with every pound of his weight behind his bat, and when he stopped running he was on third and three had scored. Not to be outdone, Irwin hit for two bags and Hildebrand scored. It looked for an instant as though that wasn't the end, but Sears fell a victim to Cates' curves.

In the second inning Eli Cates was struck in the head by a ball pitched by O'Brien, and the Oakland twirler went down and out. For a minute or more he was unconscious and he went to the bench in distress, but he insisted on finishing the game in the box and came through in the seventh with the lone single scored by the Oaklanders in that period.

WALTER NAGLE HOME FROM EAST

SANTA ROSA, July 6.—Walter H. Nagle, pitcher of the Los Angeles baseball team, is home again from an eastern trip. He is visiting his parents, Recorder and Mrs. Fred G. Nagle, here, and incidentally is in telegraphic communication with President Bert of the Pacific Coast league, to ascertain just where he is to report. Nagle was transferred to the Buffalo team some months ago and went east to join that aggregation. The matter was taken up by the board of managers of the national association, and pending their decision, the Santa Rosan was prevented from playing with that team. He spent six weeks traveling with them, however, making a trip over the entire eastern circuit. The weeks he spent there in the summer heat have taken all the desire out of him to remain there and play baseball. Nagle has more than twenty consecutive victories to his credit, a record which entitles him to travel in the fastest of baseball companies.

MAYFIELD HAS NO FEAR OF BROWN

Sporting Editor TRIBUNE:—I notice by the papers that my failure to meet George Brown at the Reliance club's boxing matches the other evening is believed by some to have been caused by "cold feet" on my part. I wish to correct this impression, and to state that I am not the least bit afraid of Brown, nor ever have been.

I will fight him for $250 a side at any time or place, winner take all or any other way.

The reason I did not meet him last Tuesday evening was that I had not the least idea, until the Saturday before the fight, that I was expected to go on with Brown and then I saw the notice in a paper.

Brown can have some of my game any time he wants it, but I must have more than three days in which to train. Yours truly,

FRANK MAYFIELD.

A gala time is expected Monday evening and doubtless a throng of interested persons will be present.

COUNTRY CLUB LINKS WELL PATRONIZED

Institution Is a Success and Members Are Well Pleased With Prospects.

The Claremont Country club continues to be the popular resort that was promised when it opened its doors to the public.

Every afternoon the golf links are well patronized and each month sees more interest taken in the popular game.

The golf club is now very easy of access as cars run out from Oakland every few minutes.

The links are kept in perfect condition so that the players cannot complain on that score.

During the fall season many contests are to be arranged with other clubs about the bay.

The Country club can now be said to be a success. Besides the golf links there are tennis courts at the grounds where both ladies and gentlemen can enjoy the game.

ATTELL WANTS A RETURN MATCH

LOS ANGELES, July 6.—Abe Attell will give Frankie Neil another chance. He stated Thursday morning that he had always given every fighter he ever fought a second battle if they desired it, and that he was willing to give Neil another chance. Both fighters were about bright and early. Neil's face was in bad shape, but aside from that he seemed to be all right. Attell had two black eyes and wore colored spectacles to hide them. They met in Manager McCarey's office and seemed as friendly as two long-lost brothers.

"You didn't think I would stand up and fight you, did you, Frankie?" asked Attell.

"No, I didn't," replied Neil. "Honest, now Abe, I thought I'd beat you, sure. When they told me back east that "Kid" Hermann was robbed of a decision over you I figured that I could beat you, because I think I can beat Herman, and everybody back there thinks he beat you, but was robbed of the decision."

Later, Jim Neil, Frankie's father, came in and the matter of another match was talked over. Attell agreed to a return match, and it will probably be fought some time late in the fall.

JIMMY BRITT BACK FROM EAST

SAN FRANCISCO, July 6.—James Edward Britt is in town. He was up and down Fillmore street yesterday afternoon with the glad mit. James was not so effusive in his explanation of the McGovern contest as his brother Willus. He said that he was glad to be back, and that after looking over his property he would take up some of the offers that have been made to him to box in California.

"I am ready to take on any man in my class," he said yesterday. "I am here for business; Hermann, McGovern or Nelson, the latter preferred.

"The McGovern contest is one in which I think I made as good a showing as I have ever done. It was a proposition of a limited number of rounds, which is much shorter than I have been in the habit of going. Even then I think that the rational followers of the game who sat at the ringside and coldly watched the contest would have given me the preference.

"The house was with McGovern, and as he is one who has a wallop and lunges in, it was to my interest to watch the game. I felt that I had the best of it, and was fighting on those lines. If McGovern and myself hitch up again I think that I can satisfy the public as to the correctness of my statement."

HONEYMOON EIGHT HOURS AFTER ARRIVAL

Arrives in America at 11 o'clock.
Gets license to marry at 3 o'clock.
Married at 5 o'clock.
Off on honeymoon at 7 o'clock.

PHILADELPHIA, July 6.—Guided by Dan Cupid, Anna Smith, of Staffordshire, England, who arrived here as a cabin passenger of the steamship Merion Monday, was married the same day to her devoted lover, James Bailey, who left her in "Merry England" several years ago to seek his fortune in America.

Having accumulated a snug fortune, Bailey, whose home is at Mannington, W. Va., sent for his sweetheart. The Rev. Dr. J. A. Goodfellow, rector of the Protestant Episcopal Church of the Good Shepherd, performed the ceremony at his church on Cumberland street, west of Frankford avenue.

When the Merion anchored at Washington-street wharf at 11 o'clock, Bailey was there anxiously waiting for a glimpse of his sweetheart, and when she walked down the gangplank he impetuously pushed forward and embraced her.

They then drove to the City Hall where a marriage license was issued to them, Dr. Goodfellow certifying for them. At 5 o'clock the pair were taking their nuptial vows in front of the altar at the Good Shepherd Church, and at 7 o'clock they were being whirled on a train to Trenton, where their honeymoon will be spent.

This Stock Will Advance to 65c at Midnight, July 21

It Has More Than Doubled in Value Since September 1, 1905

IT WILL SOON DOUBLE AGAIN. I Have Made Millions of Dollars for Thousands of People by My Patents. I Expect to Make Millions More. Come in With Me if You Want to Share in These Enormous Profits

Hetty Green, the Richest Woman in the World, Says: "The Way to Get Rich Is to Invest in Necessities."

The Bidwell Cold Motor is one of the greatest necessities of the Twentieth Century. This stock has already taken four jumps up. Now is the time to buy. It will go higher in a few days. The profit is yours. Don't speculate—invest. Here you have a necessity. Look at this list below. Every one of these people made his fortune by supplying some great necessity.

Here is the way manufacturing stocks in necessities jump:

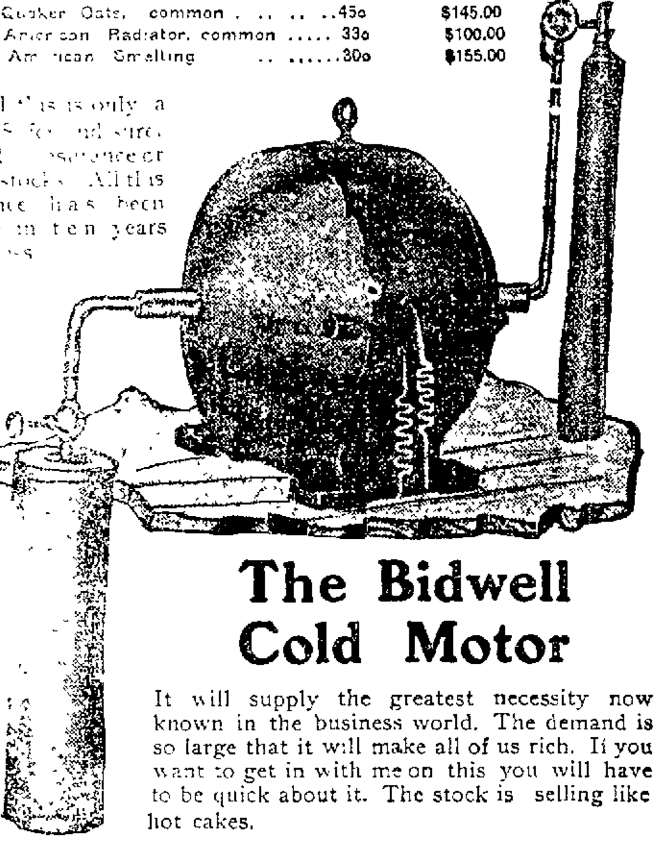
The Electric Trust	15c	$187.00
Quaker Oats, common	45c	$145.00
American Radiator, common	33c	$100.00
American Smelting	30c	$155.00

And this is only a few. Scores and scores that [illegible] consequence or trust stocks. All this advance has been made in ten years and less.



The Bidwell Cold Motor

It will supply the greatest necessity now known in the business world. The demand is so large that it will make all of us rich. If you want to get in with me on this you will have to be quick about it. The stock is selling like hot cakes.

PROF. BENSON BIDWELL.

Inventor of the Trolley Car System.
Inventor of the Railway Car Telephone System.
Inventor of the Bidwell Cold Motor.
Inventor of the Water-Electric Generator.

I never made an unsuccessful invention. My first invention was the electric fan, just as it is run all over the country in hot weather. I didn't get a patent on it, but see what a tremendous success it is!

I next invented the Trolley Car System, just as it is run today. I made it perfect and successful right from the start. It has never been improved since I invented it. Look at the millions of money it has made for the stockholders. The stock of the trolley manufacturing companies sold below 15 cents a share in 1893 and 1894. Poor men could buy that stock then. Thousands of them did buy it, and every one who held onto it is a rich man today.

No Man on Earth Ever Lost a Penny He Invested With Me

Next I invented the Railway Car Telephone System. It is a system by which passengers or train crews can telephone from still or moving cars anywhere the same as if seated in an office. It is a more perfect system in operation than any other telephone you ever saw. This is on the road toward millions for the stockholders.

This is my Greatest Invention

Now I have invented something bigger and greater than either of the above. It is called the Bidwell Cold Motor. It is guaranteed not to burn out and is exactly the kind of a motor the steam railroad people have been looking for. It will change all the steam railroad systems over to electric roads, because it will be cheaper to run than steam and can be run faster and more safely than any present method.

The one drawback the railroads have had in changing over to electricity has been that no motor as at present made can be run 150 miles at 60 miles an hour without burning out. It would melt the very wires.

By using the Bidwell Cold Motor a train of cars could be run from New York to San Francisco without a stop at the rate of 60 or 80 miles an hour and not even warm up and without a hitch.

Besides running faster they would be more safe and sure than steam, cost less to operate, and would last longer than any other motor now known.

The Bidwell Cold Motor is the greatest invention out since I invented the trolley car.

The Opportunity of a Lifetime

I want to give every man and woman a chance to come in with me on this, for I expect to make millions for the stockholders out of this new patent.

The stock will be sold on the square. There will be no hocus pocus about preferred or common stock, nor any other scheme, trick or wrinkle by which anybody can be frozen out.

Every dollar invested will represent one hundred cents of the best stock. Every share will be exactly like every other share. The profit on every share will be the same as the profit on every other share. In short, there will be nothing but a square deal all around.

I have a life long reputation for square dealing. I will personally see to it that every stockholder gets a square deal on this. This stock is fully paid and non-assessable.

In order to make it possible for every man and woman to get in with me on this big deal I have decided to sell the stock until July 21st only at the following prices

50 shares, $30; 100 shares, $60; 150 shares, $90; 200 shares, $120; 250 shares, $150; 300 shares, $180; 500 shares, $300; 1,000 shares, $600; 5,000 shares, $3,000. Net over 5,000 shares at this price to any one person.

Our Monthly Payment Plan

50 shares, $5 cash, five monthly payments of $5 each; 100 shares, $10 cash, six monthly payments of $8.50 each; 150 shares, $15 cash, six monthly payments of $12.75 each; 200 shares, $17 cash, seven monthly payments of $15 each; 250 shares, $21.25 cash, seven monthly payments of $18.75 each; 300 shares, $25.50 cash, seven monthly payments of $22.50 each: 500 shares, $42.50 cash, seven monthly payments of $37.50 each; 1,000 shares, $60 cash, ten monthly payments of $55 each; 5,000 shares, $450 cash, ten monthly payments of $260 each.

SEND ALL MONEY BY BANK DRAFT, EXPRESS MONEY ORDER, P. O. ORDER OR REGISTERED LETTER.

Special to Electric Men and Manufacturers

We are now prepared to fill your orders in our own factory. We are now manufacturing the Bidwell Cold Motors. We are taking orders for cold motors and cold generators for arc and incandescent lights on a guarantee not to burn out for 10 years.

Be a Safe and Sane Investor and Get as Much of This Stock as Your Means Will Allow. It Will Pay You a Life Income in Handsome Dividends.

More money is made every day by good judgment in investing money than by all the labor and wages in the country. Safe and shrewd investments in this stock will make fortunes.

You will never get rich on wages. No one ever did. Every man in this world who ever got big money got it either by speculation or investment. Speculation is unsafe. You stand more chance to lose than you do to make. Investments are right the other way. Make a safe investment and it is sure to bring you returns.

Don't hesitate about this stock. It is absolutely safe and sure.

Here Is a Vital Point to Remember

There never has been a failure of consequence in electrical manufacturing. Stop and think of that. All are immensely successful. All pay big dividends and have made their investors wealthy.

This company will soon be one of the biggest in electrical manufacturing in the world. This is bound to be so, because there is not a place now where a motor or generator is used, but it will have to sooner or later change for the Bidwell Cold Motor or Generator. Why? Because we make something better than any other kind now known.

These Are Cold Facts---You Must Act Quickly

If you want some of this stock at the present low price you must come in now. There is only a small amount to be sold at this price.

I firmly believe that within a short time this stock will be selling at $3 a share. This is your opportunity. It is a case of come quick or not at all.

DEATH CALLS MRS. MEAGHER

Widow of Famous Fighter Dies At Her Home in New York.

NEW YORK, July 6.—Mrs Elizabeth M. T. Meagher, widow of General Thomas F. Meagher who led the famous Irish brigade in the Civil War, died today at her home in Rye, Westchester county, of heart disease. She was born in Southfield, Orange county, New York in 1830, and was a daughter of Peter Townsend. Mrs Meagher's great-grandfather made the chain that was stretched across the Hudson during the revolution to prevent the British from ascending the river above West Point. Her grandfather was the first man in the country to make steel rails.

Mrs Meagher met her husband in this city while he, an exile from Ireland because of his connection with the patriotic league there, was becoming famous for his oratory. Mrs. Meagher attended her husband during the Civil War and was with him at the first battle of Bull Run. She succeeded in nursing him back to health when he was given up for dead after the battle. When he was made territorial secretary of Montana after the war she went with him. One evening he was drowned mysteriously while crossing the Little Missouri river at Fort Benton. Mrs. Meagher had divers hunt for his body, but never found it.

GIRL IS HIT BY A BALL OF FIRE

TRINIDAD, Colo., July 6.—One of the most peculiar freaks of an electrical storm ever witnessed in Trinidad occurred yesterday afternoon about three o'clock, when a ball of electricity some three feet in diameter ran on Park street, through a number of yards of residences along that street.

Miss Mabel Roberts, 19 years old, was standing on the rear porch of her home, when the ball of fire jumped from a neighbor's yard into hers. It rolled along the ground until it came near the porch where the girl was standing, and she was thrown violently to the steps with terrific force. At the time she fell there was a loud report and it is believed that the ball must have exploded just as it came near her, for it disappeared.

Miss Roberts remained in a comatose condition for some time, but today is all right and does not feel the effect of the shock.

FRENZIED MEN WRECK STORE

Italian Mob Tried to Reach Man Who Ran Over Young Child.

NEW YORK, July 6.—A crowd of frenzied Italians stormed a drug store at First avenue and Fourteenth street yesterday to get William Dustice, a driver, whose cart ran over and fatally injured a little boy. A policeman had carried the child into the store and arrested the driver.

While the policeman was waiting for an ambulance about 200 men made a rush on the store, breaking in the door. The policeman hid his prisoner and blew his whistle for help. A plain clothes man off duty hurried in and with a revolver held the crowd at bay until a third officer arrived. As the dying child was taken away in an ambulance one of the policemen got the prisoner away safely by a back door.

When the crowd learned this another rush was made upon the store. Show cases and glass receptacles were smashed and other damage was done, but the remaining two policemen drove the Italians back and restored order.

HELEN KELLER WILL HELP INSTRUCT BLIND

BOSTON, July 6.—Miss Helen Keller, the deaf, dumb and blind girl, will be a member of the new commission for the industrial education of the blind, which has long been advocated by her and which recently was created by the legislature. Governor Guild yesterday announced the appointment of five members to make up this commission. Miss Keller's term will be four years.

SAVED HIS LIFE BY CLUTCHING WIRE

PHILADELPHIA, July 6.—Suspended from a wire, which he managed to grasp when a scaffold at the Sixth National Bank, Second and Pine streets, upon which he was working, collapsed yesterday, Thomas Jeffries, a carpenter, hung fifty feet above the earth until he was rescued.

Jefferies and John Nichols of 623 Oxford street were on the scaffold when it gave way. Nichols tumbled to the ground, but Jefferies seized the wire overhead.

Scores of persons watched firemen haul Jefferies to safety on a roof.

LOST LIFE IN AUTOMOBILE

Chauffeur Turns to Look For Lost Hat and Machine Is Ditched.

ST. LOUIS, July 6 One man was killed and three injured in an automobile accident in St. Louis county, near the city limits last night. Alfred Burton, a merchant, died shortly after the accident. John Sweet had his left leg broken and two men whose names are not known were bruised. The automobile contained Burton, his wife, two children and five guests. While riding along the Clayton road the chauffeur's hat blew off. He turned to look for t and the automobile veered into a ditch, dropping fifteen feet.

WHOLESALE DRY GOODS MEN MEET

NEW YORK, July 6.—The National Wholesale Dry Goods Association, composed of over ninety jobbers, representing every city of importance in the country except New York, has called a special meeting here of its executive committee for Thursday and Friday of next week, to take up various grievances of the dress goods departments of the association's membership. The committee will meet with the various dress goods buyers, who will then be here, and take up the complaints as formulated by the buyers.

The dress goods buyers have been recently organized by Douglas Dallam, secretary of the National Wholesale Dry Goods Association, who has just returned from a trip spent in visiting members of the association from Duluth to Los Angeles, and from Louisville to Charleston. His time was spent particularly in making the dress goods buyers thoroughly acquainted with the policy and objects of the association.

C. T. JOHNS' FUNERAL HELD BY ODD FELLOWS

F., of which deceased was a member. Representatives of Pacific Lodge A. O. U. W., of which Mr. Johns was also a member were present. LADIES' NIGHT AT LAKESIDE RINK

Tonight is to be "Ladies' Night" at the Lakeside Skating [illegible] and there are to be a number of [illegible] attractions, including some absolutely unique in character. One of these is to be a hoop-rolling contest for ladies, which doubtless will provide plenty of amusement as well as real thrills.

There is also to be a special race, the nature of which is to be announced at the rink.

The excellent ventilation at the Lakeside has made it one of the most popular resorts in town, and the desirability of this feature is decidedly accentuated on special evenings such as this.

POTATOES, ONIONS, VEGETABLES.

The principal boats with new potatoes from the river arrived very late yesterday and the market, being slenderly supplied with good stock, ruled very firm in the early trade. Old Oregon Burbanks continued in brisk demand for seed at well maintained rates. Onions were steady with supplies just about sufficient for current needs.

Miscellaneous vegetables were generally weak, there being practically two days' supplies on the market. Green Corn was the weakest article on the list, there being over 1000 packages received during the past two days, and no reasonable offer was refused for general offerings.

DECIDUOUS AND CITRUS FRUITS.

The fruit market was heavily supplied and generally weak, as there were practically two days' receipts on the market, and, although business was of large proportions, there was a heavy surplus unsold at the close. Figs were a very weak feature, fully 1500 packages being received within forty-eight hours. Prices fell to a very low level, but dealers were unable to effect clearances. Apricots, which had been very firm heretofore, shared in the general weakness. The canners were paying $40@60 per ton, while the regular trade paid as high as 4c per pound, or $80 per ton, for small parcels of selected stock. Advices from Santa Clara say that the canners are paying $60 per ton for selected Apricots, an advance of $5 over the top price paid in other sections.

BERRIES — Strawberries, $5@7 per chest for Longworths and $3.50@5 for the large varieties; Blackberries, $3@4.50 per chest; Raspberries, $3.50@4½ per chest; Loganberries, $4@5 per chest for red and $2.50@3.50 for black.

COPPER AND LEAD.

NEW YORK, July 6.—Copper and lead dull and unchanged.

NEW YORK STOCKS.

NEW YORK, July 6.—The majority of stocks opened in the market at lower prices than last night, but some of the market leaders made sharp advances. Great Northern preferred rose 2½, General Electric and Anaconda 1½ and Northern Pacific a point. Southern Pacific, Baltimore and Ohio and United States Steel preferred were also a fraction higher. St. Paul, on the contrary, fell a point. New York Central and Knickerbocker Ice 1¼, and Pennsylvania, Reading, Brooklyn Transit and American Locomotive large fractions. The dealings were on a moderate scale.

The indecision which marked the opening was short lived, the market developing buoyancy in the western railroad stocks, which imparted strength to the whole list. Stocks which had been depressed to the extent of a point or more made up their losses and something more besides. By the time a level of prices well over yesterday's closing had been established buying shrunk to nominal proportions, and prices commenced to ease off. Great Northern preferred improved 2 points. Northern Pacific 3⅝, American Ice 1¼, St. Paul 1⅜, and Reading, Delaware and Hudson and United States Steel 1. International Pump gave way 4, New York, Chicago and St. Louis and Minneapolis and St. Paul 1¼.

New buying orders carried prices comparatively to a higher level than before. Dealings were in moderate volume and another reaction followed before noon. Great Northern preferred made an extreme rise of 8½, Northern Pacific 5, Anaconda 1½, Tennessee Coal 2½, St. Paul 2⅝, Reading, Missouri, Pacific and Tennessee Coal United States Steel pfd and Brooklyn Transit 1⅜, Pennsylvania Amalgamated Copper and Smelting 1½ and Southern Pacific, Atchison, New York Central and National Lead and others 1. The market was steady and dull at noon.

Bonds were heavy.

Prices had another rise in which some of the leaders, such as St. Paul, Pennsylvania and Reading got higher than before, but profit taking soon became effective and the market became stagnant and heavy. Reactions reached a point or more in special stocks. American Ice extended its rise to 3 points. Central of New Jersey 2½, Lead 2½; Pennsylvania Sugar, Republic Steel, Pressed Steel Car, People's Gas, United States Rubber and Distillers' Securities 1 to 1¼. Chicago Terminal fell 1.

Dullness was the most conspicuous feature of the afternoon market. Pri relapsed more on this account than from attempts to put the first lower Great Northern preferred sold 3 poins below the highest. Consolidated Gas got up 1

NOMINATIONS FOR TRUSTEES

"Administration" Ticket of New York Life Is Named.

NEW YORK July 6.—The so-called administration ticket of trustees of the New York Life Insurance Company was nominated yesterday at a meeting of the board of trustees. Of the twenty-four men named, thirteen, a majority, are new men—that is, they have not served in the present board. Of the officers of the company only President Alexander E. Orr is named on the "administration" trustees' ticket, the other five officers having retired to make room for the new men

The thirteen men nominated to be voted for by policyholders are:

James H. Eckles of Chicago, David R. Francis of St. Louis, Julius Fleischman of Cincinnati, Ewald A. Fleitman, commission merchant, New York; Judge Horace H Lurton of Nashville, Tenn.; S. M. Milliken, dry goods, New York: John G Milburn, New York: Anton H. Raven, president of the Atlantic Mutual Fire Insurance company, New York; John Reid, director Central Foundry company, New York; Fleming H. Revell, Chicago: George F. Seward, New York; Elbridge G. Snow, president of the Home Fire Insurance company, New York, and Louis Wagner, president of the Third National Bank of Philadelphia.

The eleven members of the present board who are nominated John Claflin, New York: Thomas P. Fowler, New York: Woodbury Langdon, New York; Robert J. Lowry, Atlanta: Clarence H. Mackay, New York, Henry C Mortimer, New York, George A. Morrison, New York; Alexander E. Orr, New Yok, William E. Plunkett, Adams, Mass.: Augustus G. Paine, New York, and Hiram R. Steele, New York.

The five officers retiring from the board are: Darwin P. Kinsley, Thomas A. Buckner and Rufus W. Weeks, vice-presidents; William E. Ingersoll, second vice-president, and Edmond Randolph, treasurer.

Respecting the retirement of the officers from the board, the reason given is "in deference to an opinion, which is rather widely held, that no officer with the exception of the president, ought to be a voting member of the board of trustees, the board of trustees acts upon the acts of the officers, and a man who is both really passes judgment upon his own acts.

METHODS IN NEW ZEALAND

Premier of That Country Tells How Trusts Are Dealt With There.

NEW YORK, July 6.—Sir Joseph G. Ward, premier of New Zealand, who, with his wife and daughter, is on his way home from Europe, was asked yesterday in the course of an extended interview what action would be taken in New Zealand if an ice company increased the price of the commodity to consumers to obtain more than a reasonable profit. He said:

"The solution of that problem is simple. If any man or company should buy up all the ice plants, control the supply of ice on hand, and then push up the price to consumers, we would immediately build ice plants and give the people all the ice they wanted at a small price and a fair profit. We had a similar condition arise at home in the coal industry, and we put it down quickly."

When the question of government regulation of railroads was suggested, Sir Joseph said that regulation to control railroads and other great aggregations of wealth which oppressed the masses would have to be drastic to be effective. He suggested as a remedy extensive publicity obtained by an impartial and thoroughly honest system of investigation. Concerning the operation of railroads in New Zealand the premier said:

WEALTH PER CAPITA.

"We have the largest per capita of wealth in the world in New Zealand, and we have proportionately the lowest rate of taxation. We have the cheapest public utilities and probably the most efficient. Our railroads haul people cheaper than any in the world. and nowhere are railroads operated more economically. Whenever we find that a public utility is earning more than 3½ per cent we reduce the charges to the public."

Sir Joseph made a plea for closer commercial relations between the United States and this country, saying:

"I can speak with the responsibility of a prime minister for my country when I say that we are quite prepared to enter upon a commercial treaty with the United States to let you have our wool, of which we have a surplus, and to take American products in exchange. I would be ready to discuss such a proposition with gentlemen in responsible positions in this country even before I go back to New Zealand."

MORE EXHIBITS FOR CHAMBER OF COMMERCE

The exhibit committee of the Chamber of Commerce is making a determined effort to enlarge the display of products of Alameda county now made in the permanent exhibit in the rooms of the chamber at Twelfth and Franklin streets. They are anxious to add to the agricultural display, and ask all growers of fruits and vegetables to send in large samples of their best products, and in addition will make an effort to secure a display of all the manufactured products of the county. Nothing can so interest and help strangers to become permanent residents of the county as a complete exhibit of what can be grown and made in the county and the hundreds of strangers that visit the rooms each month, while greatly impressed at the present time, can be much more interested by a little effort on the part of citizens to do what they can to aid in making the exhibits the most comprehensive in the state. The committee are going to send a representative to ranches in this vicinity, probably next week, to pick up samples of all products, now that the season is well on, and to preserve same for the permanent exhibit, also to display at the state fair in August, to be held in Sacramento. The committee also intends to make an additional permanent display in the waiting-rooms at the pier. The present display is being added to almost daily, and the rooms are fast becoming a meeting place for ladies before starting on their shopping tours.

STRENUOUS MODERN LIFE

Professor J. M. Tyler Says Our Nerves Are Ready to Snap.

CHICAGO, July 6.—America's climate, regarded by scientists as the prime factor in the country's marvelous growth from colonial days, may be the cause of its degeneracy, according to Professor John Mason Tyler of Amhersts college, one of the leading pedagogists of the world.

"Every decade," he explained to students at the University of Chicago yesterday, opening a series of lectures, "our climate has been drawing the strings on our nervous system tighter and tighter, until now they are ready to snap.

"Physical degeneration is noticeable now in the children of the business and professional men. The strain of modern life, the desire for wealth, for comfort and luxury is terrible. It falls on the nervous system, not on the muscles, for we are changing from a life in the open—a life of manual labor—to a life in the use of the brain. This tendency is going to continue and we cannot help it.

"Americans a hundred years ago lived on pork and doughnuts to a great extent. Before going to bed they were not satisfied unless they ate a piece of mince pie. We say today: 'What a barbarous bill of fare,' we who cannot stand anything stronger than tea and crackers.

"Children a century ago went to school on the average of twelve weeks a year. Sixteen weeks was an extra long term. Forty weeks were spent on the farm, in open life, studying nature, physical needs and the world. That surely was the grandest system, the best system we have yet had.

"Ten months are spent by the children today in school. And there are many of us urging vacation schools just to take the children off our hands for the other two months."

ALAMEDA WOMAN LEAVES HER HUSBAND

Driven from the home of her millionaire husband, Mrs. Shelly B. Hutchinson, the daughter of Conrad Usinger of Alameda, is living in the home of a friend in Ypsilanti, Michigan, a suburb of Detroit.

The young and beautiful wife of the wealthiest man in Detroit declares that her husband illtreated her and compelled her to leave the house to escape from his persecutions. She insists that she will never return to him, and Hutchinson has gone to the South, leaving the residence in the care of his father and sister.

The separation is said to be due to a quarrel—over Hutchinson's diamonds, which was the culmination of a domestic war of several months. Hutchinson gave his wife his magnificent jewels when be was sick, and then took them back. Mrs. Hutchinson broke open his jewelry casket and took the diamonds, insisting that as he had given them to her he could not claim them.

Mrs. Hutchinson is the daughter of a customs official in San Francisco and was formerly a stenographer in the office of her husband. Hutchinson is the originator of the trading stamp business. He is the son of a former town constable of Ypsilanti, and made millions with his idea. They have three children, the youngest a baby.

WIRE-TAPPERS MAKE WINNING

Catch and Withhold Information On Several Races.

NEW YORK, July 6.—For the first time in several years real wire tappers were successful yesterday in defrauding bettors in many parts of the country. The wire leading into the race-track at Windsor, Ont., was tapped, the correct infomation withheld, and false winners were sent to New York, which is a betting distributing point.

It is estimated that from $60,000 to $100,000 was won on the second race by agents of the tappers. A great deal of this money was sent back on a horse in the third race. After the result had been flashed to New York suspicions were aroused here, and the fictitious race result was held back until the fraud was laid bare. Something like $10,000 was won by the swindlers in New York on the second race, and how much of this went back on the third race, is not known, although it is likely thta a cnsiderable part of this amount was wagered.

TRY TO HELP THE IMMIGRANTS

Jas. Canfield Has Some Good Suggestions to Make.

NARRAANSETT PIER, R. I., July 6.—A recommendation that every public library in this country should be equipped with books intended to help immigrants to become citizens was made to the American Library Association today by James H. Canfield, of the Columbia University Law Library. He said:

"Immigration to this country has become so enormous and is affecting so directly all the conditions of urban life that we must assimilate those people by the most rapid methods. It is a mistake to consider their presence a menace. There ought to be in every public library in every city of any size at least the classics in several languages, to win the confidence of these people and to draw them to those libraries. Once there, they should find elementary text books in civics and other literature that will be helpful to them in their new relations, translated from English into their own language. In other words, securing them as patrons of the public library by their own classics, we should minister to their needs precisely as we minister to the needs of our own people. No such text exist, even in English. It is this very point upon which discussion ought to turn—what this association map be able to accomplish in the way of preparing or securing the preparing of such texts."
